Application for permit for the COH WHS MA to undertake identified maintenance activities at the Cooper's Cave National Heritage Site in the Cradle of Humankind World Heritage Site, Gauteng Province.

Dear Ms Smith,

the SAHRA Archaeology, Palaeontology, Meteorites, Heritage Objects and Burial Permit Committee has received your application, submitted on behalf of the Management Authority of the Cradle of Humankind, World Heritage Site, for the undertaking of maintenance activities in the complex of Coopers Cave, a National Heritage Site.

The application was assessed by our permit committee and by an external reviewer. Both set of reviewers agreed to issue the permit. It is understood that Dr Steiningger will be on site the first day of the fencing activities to ensure that all parties are informed as to where to store equipment, that no go areas are clearly identified along with access points and that all fence maintenance activities are agreed upon. After this initial first day, it is expected that either an official of the COH WHS MA or Dr Christine Steiningger will be present on site.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
