Dear Mr van der Walt

PERMIT: No. 80/05/05/002/51

I attach as requested a permit to allow for excavation and collection of cultural material on archaeological sites at Lydenberg Extension (as identified in the May 2005 HIA report), in the Lydenberg district, Mpumalanga province.

We also wish to thank you for your detailed and effective report. Please note the permit conditions, in particular conditions 2 – 4, as these are site-specific conditions. Overall, note the need for on site monitoring where applicable. Archaeologist(s) must be on site to monitor all earth moving in the area of colluvium soils. The archaeologist(s) should supply SAHRA and the developers with a map indicating where this is but especially in areas close to sites 2530AB-MHC005 and 2530AB-MHC006. Should you wish to discuss any matter related to the conditions of the permit, please contact me before work at these sites commences.

SAHRA wishes you every success with the project.

Sincerely

Mrs Mary Leslie
