#### **Proposed Construction of the Mkuze Interchange on National Route 2 Section 31**

We acknowledge receipt of the Heritage Impact Assessment Report with regards to the Mkuze development. It is noted that the survey did not find any heritage resources within the development precinct.

For this reason, Amafa, the Provincial Heritage Authority of KwaZulu-Natal has no objection to the development.

You are also required to adhere to the below-mentioned standard conditions:

#### Conditions:

1. Amafa should be contacted if any heritage objects are identified during earthmoving activities and all development should cease until further notice.
2. No structures older than sixty years or parts thereof are allowed to be demolished altered or extended without a permit from Amafa.
3. No activities are allowed within 50m of a site, which contains rock art.
4. Sources of all natural materials (including topsoil, sands, natural gravels, crushed stone, asphalt, etc.) must be obtained in a sustainable manner and in compliance with the heritage legislation.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
