

## Interim Comment

### In terms of Section 38(8) of the National Heritage Resources Act (Act 25 of 1999) and the KwaZulu-Natal Heritage Act (Act 4 of 2008)

Attention: Zitholele Consulting  
Zitholele Consulting (Pty) Ltd  
P O Box 6002  
Halfway House

#### **Proposed Ndumo-Gezisa 132kV Single Circuit or (132/22kV) multi-circuit Power Line**

We acknowledge receipt of the Environmental document and Heritage Impact Assessment Report with regards to this invitation for comment in terms of heritage legislation. A review of the documents reveals that the survey by Wouter Fourie of PGS Heritage Consultants established that this area is culturally sensitive that would require a site specific heritage management plan and an archaeological walk down as well as a Phase 1 palaeontological assessment of the final designed alignment and foot print areas of the proposed final alignment.

We concur with the recommendations put forward by Wouter Fourie of PGS Consulting and to this effect, the development may proceed as planned once a Cultural Heritage Management Plan (CHMP) of the development area and camp-sites as well as the Paleontological Report has been submitted and approved by Amafa before site clearance and construction phases commence. The CHMP should cater for the site clearance, construction and operational phase to prevent inadvertent damage of identified heritage.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

Bernadet Pawandiwa  
Senior Heritage Officer  
Amafa/Heritage KwaZulu Natal
