

Proposed repair of existing tiled roof at Musgrave Methodist Church, 235 Musgrave Rd, Durban

Letter

IN TERMS OF SECTION 34(1) OF THE NATIONAL HERITAGE RESOURCES ACT (ACT 25 OF 1999) AND SECTION 37 OF THE KWAZULU-NATAL AMAFA AND RESEARCH INSTITUTE ACT (ACT 05 OF 2018)

Attention: Rev.David Barbour

Proposed repair of existing tiled roof at Musgrave Methodist Church, 235 Musgrave Rd, Erf 2214, Durban, KwaZulu-Natal. Drawing no.

The applicant was informed that the architect must submit floor plans and elevations of the church as well as a site plan. However, since the owner of the site, does not have sufficient funds to allow an Heritage Architect to do the drawings, it was decided that the owner must submit the most recent drawings of the elevations of the church, the floor plan of the church as well as the site plan, that they have with them.

At present the Amafa Research Institute is busy to improve our registry and it, although the Institute had plans of the Hall application, we could not find it at present.

The ideal would be if the owners of the church could submit their latest plans that they have, before they made this roof application. We can then work from those maps. Depending that no changes were made illegally.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

Celeste Rossouw
Senior Heritage Officer: Rock Art
