Nqabeni substation upgrade to accommodate two 132/22kV 20MVA transformers and associated structures including a loop-in and loop-out connections that will link Nqabeni substation to Eros/Oribi 132kV powerline.

We acknowledge receipt of your invitation for comment with regards to the proposed development. The object of Amafa is to administer, conserve and protect heritage resources of the Province within the terms of KZN Heritage Act no. 4 (2008) and the National Heritage Resources Act No 25 of 1999. The survey of the area of proposed development did not yield any heritage resources.

Therefore in view of the findings outlined in the HIA Report by Frans Prins of Active Heritage that we received, we have no objection to the proposed development within limits of the below-mentioned standard conditions:

Conditions:

1. No structures older than sixty years or parts thereof are allowed to be demolished altered or extended without a permit from Amafa.
2. No activities are allowed within 50m of a site, which contains rock art.
3. Amafa should be contacted if any graves are identified during construction and the following procedure is to be followed:
 - stop construction
 - report finding to local police station
 - report to Amafa to investigate.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
