## **Final Comment**

**In terms of Section 38(8) of the National Heritage Resources Act (Act 25 of 1999) and the  
KwaZulu-Natal Heritage Act (Act 4 of 2008)**

Attention: Louis Dlamini  
Afzelia Environmental Consultants Pty Ltd

### **Proposed upgrade and widening of the P483 road, Newcastle, Amajuba District Municipality, KwaZulu-Natal**

The Heritage Report submitted in support of this application has been reviewed and it has been established that the development is not a threat to any known heritage resources but the possibility of sub-surface finds cannot be ruled out where widening is scheduled to take place.

In view of the findings of the report by Stephan Gaigher, Amafa has no objection to the development. You are also required to adhere to the below-mentioned standard conditions:

#### Conditions:

1. Amafa should be contacted if any heritage objects are identified during earthmoving activities and all development should cease until further notice.
2. No structures older than sixty years or parts thereof are allowed to be demolished altered or extended without a permit from Amafa.
3. No activities are allowed within 50m of a site, which contains rock art.
4. Sources of all natural materials (including topsoil, sands, natural gravels, crushed stone, asphalt, etc.) must be obtained in a sustainable manner and in compliance with the heritage legislation.

Failure to comply with the requirements of the National Heritage Resources Act and the KwaZulu Natal Heritage Resources Act could lead to legal action being instituted against the applicant.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
