Final Comment

In terms of Section 38(8) of the National Heritage Resources Act (Act 25 of 1999) and the KwaZulu-Natal Heritage Act (Act 4 of 2008)

Attention: Emvelo Quality and Environmental Consultant

The total area of the site is approximately 1453m². The petrol filling station will also have a convenience store (e.g. Steers or KFC) and a carwash. The total tank capacity below the ground will be 100 000L (100m³), with 2x 25 000 L petrol; 2 x 25 000 L diesel; and 1 x 5 000L paraffin above the ground. A 10m long x 4m wide access road will be constructed as an access route to the side from District Road D1905.

Thank you for the opportunity to comment on the project. Amafa has considered the documents submitted in support of the application. Although the proposed development occurs in a fossil sensitive region, the development covers a negligible footprint in terms of Section 38 triggers.

Amafa has no objection to the development of the fuel station and associated infrastructure. You are also required to adhere to the below-mentioned standard conditions:

Conditions:

1. Amafa should be contacted if any heritage objects are identified during earth-moving activities and all development should cease until further notice.
2. No structures older than sixty years or parts thereof are allowed to be demolished, altered or extended without a permit from Amafa.
3. Under no circumstances may any heritage material be destroyed or removed from site unless under direction of Amafa and a heritage specialist.
4. Should any remains be found on site that is potentially human remains, the South African Police Service (SAPS) should also be contacted. No SAPS official may disturb or exhume such remains, whether of recent origin or not, without the necessary permission from Amafa.
5. No activities are allowed within 50m of a site, which contains rock art.
6. Sources of all natural materials (including topsoil, sands, natural gravels, crushed stone, asphalt, etc.) must be obtained in a sustainable manner and in compliance with the heritage legislation.

Failure to comply with the requirements of the National Heritage Resources Act and the KwaZulu Natal Heritage Resources Act could lead to legal action being instituted against the applicant.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
