Final Comment

**In terms of Section 38(8) of the National Heritage Resources Act (Act 25 of 1999) and the
KwaZulu-Natal Heritage Act (Act 4 of 2008)**

Attention: Triplo4 Sustainable Solutions (Pty) Ltd

**PROPOSED SOUTHERN REGIONAL BULK WATER AND SANITATION SCHEME, ILEMBE DISTRICT
MUNICIPALITY, KWAZULU-NATAL. PROPOSED CONSTRUCTION OF BULK WATER AND SEWER
PIPELINE , PUMP STATIONS AND RESERVOIR AT ETETE, NKOBONGA, SHAYAMOYA, ROYAL PALM
LAKES.**

We acknowledge receipt of your invitation for comment with regards to the proposed development. The survey by Frans Prins did not find any heritage resources on the development footprint although the possibility of sub-surface finds cannot be ruled out in this area.

Amafa therefore has no objection to the development. You are also required to adhere to the below-mentioned standard conditions:

Conditions:

1. Amafa should be contacted if any heritage objects are identified during earthmoving activities and all development should cease until further notice.
2. No structures older than sixty years or parts thereof are allowed to be demolished altered or extended without a permit from Amafa.
3. No activities are allowed within 50m of a site, which contains rock art.
4. Sources of all natural materials (including topsoil, sands, natural gravels, crushed stone, asphalt, etc.) must be obtained in a sustainable manner and in compliance with the heritage legislation.

Failure to comply with the requirements of the National Heritage Resources Act and the KwaZulu Natal Heritage Resources Act could lead to legal action being instituted against the applicant.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

Bernadet Pawandiwa
