#### **New prospecting inland of Umzumbe in the Ray Nkonyeni Local Municipality, Ugu District Municipality, KZN**

The application for comment has been considered. We require submission of the BID and Environmental Assessment Report on which to base our comment on the project as the information at hand is not sufficient for us to make an informed decision. Case images of the proposed mining area should also be uploaded in the case images field. We further require the heritage report to be broadened to include among other things the identification, listing and mapping of all heritage resources in the area, the results of consultation with communities affected by the proposed development and plans for mitigation of any adverse effects in order to fully comply with requirements stipulated in Section 41 (3)(a) to ( e) of the KwaZulu Natal Amafa And Research Institute Act, Act 05, of 2018.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
