Interim Comment

In terms of Section 38(8) of the National Heritage Resources Act (Act 25 of 1999)

Attention: Anchor Environmental Consultants (Pty) Ltd

Trans Atlantic Diamonds Pty Ltd has applied for the right to prospect for diamonds and other gemstones and precious metals and ferrous and base metals such as rare earths in Sea Concession Area 10B. This area covers 10 040 ha and extends from 8km south of the border between the Western and Northern Cape (southern boundary) to 13km south of the Groenrivier Lighthouse (northern boundary).

The South African Heritage Resources Agency (SAHRA) would like to thank you for submitting the Background Information Document (BID) for the proposed Prospecting Rights and Environmental Authorisation to Prospect in the Offshore Sea Concession Area 10B.

As part of the Environmental Authorisation process a Basic Assessment Report and Environmental Management Plan must be completed. SAHRA is pleased to note that the BID has already identified that there may be impacts to Heritage during the proposed project and as such has outlined possible mitigation measures on page 10 of the document. Furthermore, as part of the assessment of the possible impact on heritage, SAHRA requires that a Heritage Impact Assessment (HIA) must be undertaken as part of the project including an evaluation of the likelihood for any shipwrecks being present in the proposed prospecting area. The HIA must include a specialist study of maritime and underwater cultural heritage to be undertaken by a suitably qualified Maritime Archaeologist.

In terms of the National Heritage Resources Act, No 25 of 1999 (NHRA), Sections 2 and 35 stipulates that any wreck, being any vessel or aircraft or any part thereof older than 60 years in South Africa's territorial waters or maritime cultural zone is protected and falls under the jurisdiction of SAHRA's Maritime and Underwater Cultural Heritage Unit. These heritage sites or objects may not be disturbed without a permit from the relevant heritage resources authority.

Should anything of archaeological or paleontological significance be exposed during the proposed project, work must cease immediately and SAHRA must be informed of its discovery without delay. In this event, work
