South African National Roads Agency: Proposed Capacity Improvements to National Route 3 (N3), KwaZulu-Natal: 1. EB. Cloete Interchange to Paradise Valley BAR 1

Thank you for the opportunity to comment on the proposed BAR 1 covering the capacity upgrade of the N3 and N2/N3 from Paradise Valley to Key Ridge.

The heritage study identified the following significant heritage resources along the general proposed development route :

- Umbilo Waterworks, a listed Provincial Heritage site.
- Paradise Valley Nature Reserve.
- Umhlatuzana Rock Shelter , a Provincial Landmark or Grade II Provincial Heritage Site.
- These sites should not be disturbed in anyway through direct and indirect activities associated with the N2/N3 road upgrade. No construction activities should occur within 50m of the heritage sites. Given the sensitivity around the sites , a heritage practitioner is required to monitor the proposed development activities to ensure that the sites are not compromised y the upgrade activities.

The KwaZulu Natal Amafa and Research Institute has no objection to the development.

You are also required to adhere to the below-mentioned standard conditions:

Conditions:

**South African National Roads Agency: Proposed Capacity Improvements to
National Route 3 (N3), KwaZulu-Natal BAR 1**

1. The KwaZulu Natal Amafa and Research Institute should be contacted if any heritage objects are identified during earth-moving activities and all development should cease until further notice.

2. No structures older than sixty years or parts thereof are allowed to be demolished altered or extended without a permit from the KwaZulu Natal and Amafa Research Institute.

3. Under no circumstances may any heritage material be destroyed or removed from site unless under direction of the KwaZulu Natal and Amafa Research Institute and a heritage specialist.

4. Should any remains be found on site that is potentially human remains, the South African Police Service (SAPS) should also be contacted. No SAPS official may disturb or exhume such remains, without the necessary permission from the KwaZulu Natal and Amafa Research Institute.

5. No activities are allowed within 50m of a site, which contains rock art.

6. Sources of all natural materials (including topsoil, sands, natural gravels, crushed stone, asphalt, etc.) must be obtained in a sustainable manner and in compliance with the heritage legislation.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

Bernadet Pawandiwa
Senior Heritage Officer
KwaZulu-Natal Amafa and Research Institute
