### Final Scoping Report Thabametsi Coal Mine

Thank you for the submission of the Draft Scoping Report.

It is noted on page 97 of the Final Scoping Report that a Notice of Intent to Develop and supporting Heritage Statement will be compiled and submitted to SAHRA APM Unit for review. It is understood that the aim of these documents will be to assess the potential risk the development poses to heritage resources within the project area and to provide SAHRA APM with an indication of which heritage components will be undertaken. SAHRA APM Unit is satisfied with this approach and will review the relevant documents as soon as these are submitted.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

Phillip Hine  
Heritage Officer
