Final Comment

**In terms of Section 38(8) of the National Heritage Resources Act (Act 25 of 1999) and the
KwaZulu-Natal Heritage Act (Act 4 of 2008)**

Attention: Bonginkosi Mbanjwa

**The proposed forestry projects by Mbanjwa, B.W. (40ha) in respect of the same activity occurring in
several locations in Bedford 180ES Portion A farm in Umzimkhulu and Ubuhlebezwe local
Municipalities within Sisonke District of Kwazulu Natal Province**

We acknowledge receipt of your invitation for comment with regards to the Heritage Report on the proposed forestry development. While presence of a family burial ground was recorded, it was established that the graves are known and belong to the Mbanjwa family that is proposing to develop the farm and the graves will not to be negatively impacted. The graves should be fenced off and a 25 m buffer is required from the edge of the burial ground fence to ensure the graves.

In view of the findings outlined in the HIA Report by Gavin Whitelaw, Frans E. Roodt & Frans Roodt of Shasa Heritage Consultants that we received for the above proposed development, we have no objection to the proposed development

You are also required to adhere to the below-mentioned standard conditions:

Conditions:

1. Amafa should be contacted if any heritage objects are identified during earthmoving activities and all development should cease until further notice.
2. No structures older than sixty years or parts thereof are allowed to be demolished altered or extended without a permit from Amafa.
3. No activities are allowed within 50m of a site, which contains rock art.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
