HERITAGE IMPACT ASSESSMENT FOR THE PROPOSED VUTSHINI-NKANDLA WATER SCHEME (NORTH): PHASE 1 WITHIN THE NKANDLA LOCAL MUNICIPALITY, NORTHERN KWAZULU-NATAL.

We acknowledge receipt of your invitation for comment with regards to the proposed development. The object of Amafa is to administer, conserve and protect heritage resources of the Province within the terms of KZN Heritage Act no. 4 (2008) and the National Heritage Resources Act No 25 of 1999.

Development can proceed as planned as the eThembeni survey did not identify any heritage resources in the area of study. While the survey by eThembeni did not yield any heritage resources in this area, the developer's attention is drawn to the fact that the area of proposed development is very sensitive in terms of heritage values as it is a landscape associated with human activity from the Stone age era. For this reason, the developer is required to adhere to the below-mentioned standard conditions:

Conditions:

1. Amafa should be contacted if any heritage objects are identified during earthmoving activities and all development should cease until further notice.
2. No structures older than sixty years or parts thereof are allowed to be demolished altered or extended without a permit from Amafa.
3. No activities are allowed within 50m of a site, which contains rock art.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

Bernadet Pawandiwa
