## Final Comment

### In terms of Section 35(4) of the National Heritage Resources Act (Act 25 of 1999)

Attention: Ms Katie Smuts  
Rennie Scurr Adendorff  
75 Morningside  
Ndabeni  
7405

**Permit application submitted in terms of Section 35 of the NHRA (1999) for Invasive Site Preparation Works on Parcels K2 (Erven 115705-RE, 115706, 115707, 115708), N (Erven 10010-RE, 115744, 117884-RE, 177362, 117695, 117891-117898) and P (153779) ahead of Redevelopment, District Six, Cape Town**

Thank you for submitting your permit application to undertake geotechnical test pits at District Six.

SAHRA has no objection to Heritage Western Cape granting the permit for geotechnical excavations.

- The recommendations contained on pages 29 - 30 of the permit application are supported;
- It is noted that under the Public Consultation section that Heritage Western Cape (HWC) reduced the public participation process for this application to 14 days. Although SAHRA is considered as an Interested and Affected Party (I&AP), SAHRA should be notified of the outcome of the public consultation process;
- The permit application acknowledges the possibility of significant archaeological material found during the test excavations. No indication is given if any of the excavated material will be curated for later analysis.

Please submit a copy of the permit report and public consultation report to SAHRA for its records.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
