Interim Comment

In terms of Section 38 of the National Heritage Resources Act (Act 25 of 1999)

Attention: The Stone Arch Development Company (Pty) Ltd

Proposed Waterkloof Marina Retirement Village on Remaining Extent of the Farm Waterkloof 428 JR, City of Tshwane Metropolitan Municipality, Gauteng Province

Fourie, H. March 2016. Proposed Waterkloof Marina Retirement Village. Palaeontological Impact Assessment: Desktop Study

The proposed development entails a retirement village.

The study reveals that the development is taking place on the Time Ball Hill Formation (Vt), Pretoria Group, Transvaal Supergroup and that the presence of the Vryheid Formation (Pe) nearby is not problematic.

The author recommends that the impact of the development on fossil heritage is High and therefore a field survey or further mitigation or conservation measures may be necessary for this development.

Interim Comment

In terms of palaeontological heritage, the SAHRA Archaeology, Palaeontology and Meteorites Unit supports the recommendations of the author that a palaeontological field survey be conducted, and the resulting report must be submitted to SAHRA for comments prior to any development activities.

An Archaeological Impact Assessment must also be conducted and the resulting report must be submitted to SAHRA for comments prior to any development activities.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
