Letter

In terms of Section 38 of the National Heritage Resources Act (Act 25 of 1999)

Attention: Abland (Pty) Ltd
Abcon House, Fairway Office Park
52 Grosvenor Road, Bryanston
2191

The proposed site was previously used for mining purposes which included conducting gold bearing tailings reclamation operations. A mining closure application process is currently being undertaken by ERGO, simultaneously with this application for Environmental Authorisation for the proposed industrial 1/ mixed use development by Abland.

Thank you for notifying SAHRA of this proposed development.

In terms of the National Heritage Resources Act (NHRA), no 25 of 1999, heritage resources, including archaeological or palaeontological sites over 100 years old, graves older than 60 years, structures older than 60 years are protected. They may not be disturbed without a permit from the relevant heritage resources authority. This means that before such sites are disturbed by development it is incumbent on the developer to ensure that a Heritage Impact Assessment is done. This must include the archaeological component (Phase 1) and any other applicable heritage components. Appropriate (Phase 2) mitigation, which involves recording, sampling and dating sites that are to be destroyed, must be done as required.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

Andrew Salomon
Heritage Officer: Archaeology
