Proposed 676.44m 22kV powerline on Mpapuli 278 MT, Thulamela Municipality, Limpopo

Murimbika, M. Phase 1 AIA for the proposed development of Sibase 22Kv Power line in Thuulamemla local Municipality, Limpopo Province.

Eskom proposes the development of a 667m 22kV power line running along road servitude in the Sibase township near Thohoyandou, Thulamela local Municipality. The report submitted assessed the potential of the presence of possible archaeological resources. The area was found to be disturbed and no archaeological or any other heritage resources were identified during the Phase 1 Assessment.

Decision

1. Considering that the proposed power line will run along an existing road servitude and no archaeological resources were identified, SAHRA APM Unit does not object to the proposed development in terms of the archaeological component of the heritage resources.
2. If archaeological or any other types of heritage resources are found during construction or development, SAHRA APM Unit (Mrs Colette Scheermyer/Phillip Hine, tel. 021 462 4502), must be alerted immediately and a archaeological/palaeontologists must inspect the findings.
3. Final approval regarding this project will need to be sought from LIHRA.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

Phillip Hine
Heritage Officer

Colette Scheermeyer
SAHRA Head Archaeologist
South African Heritage Resources Agency

ADMIN:

Terms & Conditions:

1. This approval does not exonerate the applicant from obtaining local authority approval or any other necessary approval for proposed work.
2. If any heritage resources, including graves or human remains, are encountered they must be reported to SAHRA immediately.
3. SAHRA reserves the right to request additional information as required.
