*Historiese en Argitektoniese Belang*

Op 29 September 1969 het 'n hewige aardbewing onder meer die historiese huise in Onderstraat (Kerkstraat), Tulbagh, erg beskadig. Met die geldelike steun van verskeie instansies het die Tulbaghrestourasiekomitee al die historiese geboue in hierdie straat gerestoureer en baie van die eiendomme aangekoop om sodoende ook die straataansig te herstel en te bewaar. Die huise is meestal in die Kaaps-Hollandse en die Victoriaanse styl en dateer uit die laat-agtiende tot laat-negentiende eeu.

*Historical and Architectural Interest*

On 29 September 1969 a severe earthquake seriously damaged a number of buildings, including the historic houses in Onderstraat (Church Street), Tulbagh. With the financial support of various bodies the Tulbagh Restoration Committee restored all the historic buildings in this street and acquired many of the properties in order to restore and preserve the street scene as well. The houses are mostly in the Cape-Dutch and Victorian styles and date from the late eighteenth to late nineteenth centuries.
