Limpopo government pleased with report on procurement of PPE

LIMPOPO The Limpopo Provincial government has welcomed the Public Protector South Africa's report on "Allegations of maladministration, procurement irregularities and nepotism in the awarding of tenders for the supply and delivery of Personal Protective Equipment (PPE) by the Limpopo Department of Health"

The Public Protector had taken own initiative on 17 August 2020 to investigate the matter following the reports in the Sunday Independent of 16 August 2020. The newspaper reports indicated that the tender was awarded irregularly, that it did not follow relevant procurement prescripts and legislations, that there was some favouritism and nepotism in its award and that politicians who are close to the ANC were favoured for the awarding of the tender.

"The Public Protector could not find evidence indicating that the Department did not follow paragraph 14.2.5 of the SCM policy or that the Department contravened National Instruction Note No.05 of 2020/2021: Emergency Procurement in response to the national disaster paragraph 3, which also regulates deviations from inviting bids in instances of emergency," the Public Protector said in their report issued on 29 April 2022.

According to Ndavhe Ramakuela, Provincial Government spokesperson, in addition, the Public Protector could not find any evidence indicating that the (Member of Executive Council) MEC responsible for Health and HOD (Dr Phophi Ramathuba) had any influence in the awarding of PPE tenders even though there is evidence that indicates that some of the service providers are related to politicians and senior government officials.

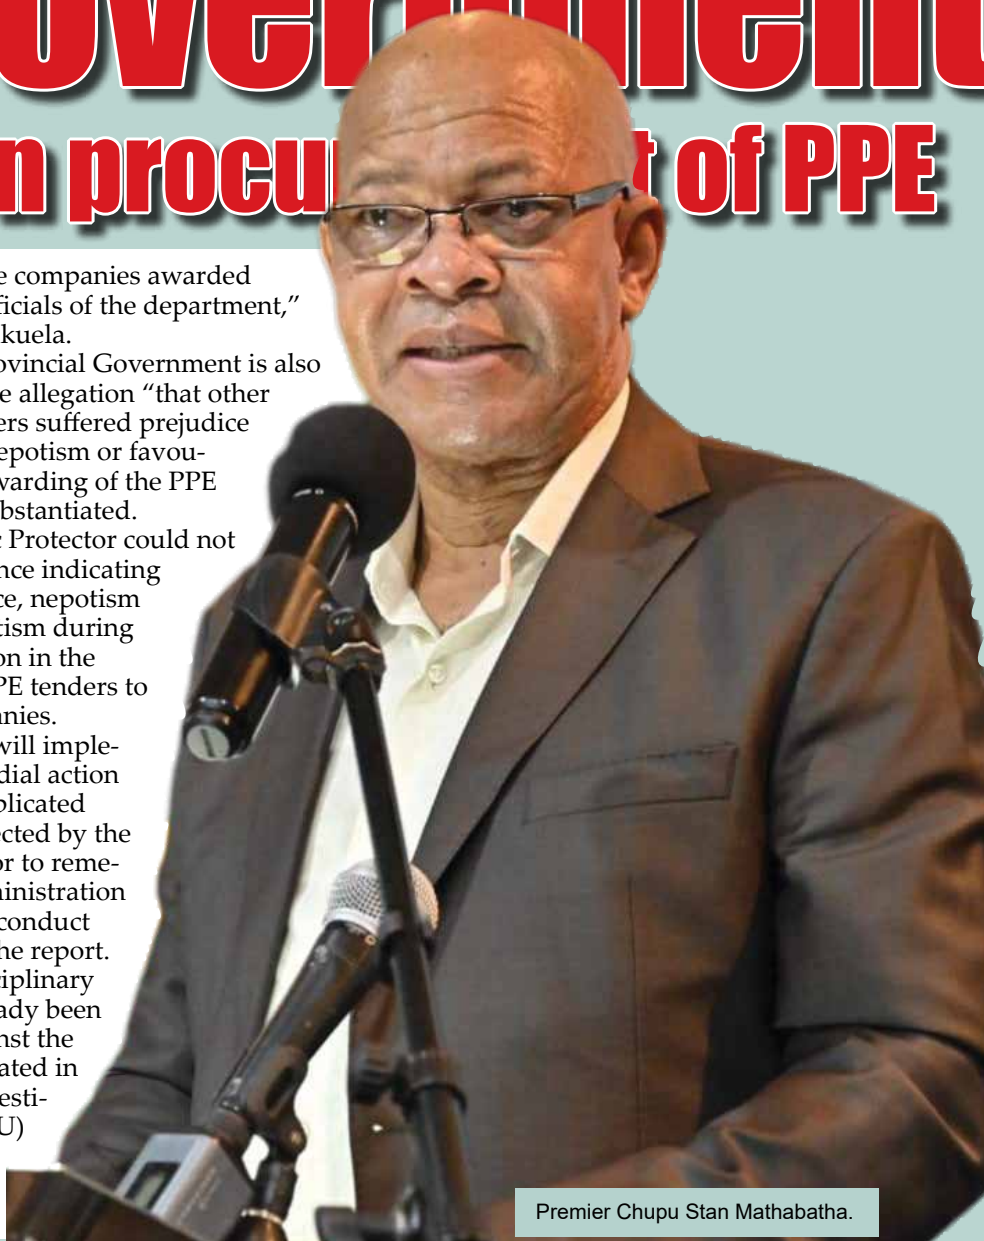

"The Public Protector could not find evidence to prove the alleged possible influence in the procurement processes of the awarding of PPE tenders or the relationship between the

Directors of the companies awarded tenders and officials of the department," revealed Ramakuela.

He said the Provincial Government is also pleased that the allegation "that other service providers suffered prejudice as a result of nepotism or favouritism in the awarding of the PPE tender, is unsubstantiated.

"The Public Protector could not find any evidence indicating undue influence, nepotism and or favouritism during the investigation in the awarding of PPE tenders to the said companies.

"The Premier will implement the remedial action against the implicated officials as directed by the Public Protector to remedy the maladministration and improper conduct referred to in the report. Moreover, disciplinary action has already been instituted against the officials implicated in the Special Investigative Unit (SIU) report on the same matter."

Premier Chupu Stan Mathabatha.

Lerule-Ramakhanya leads a multidisciplinary operation in Tubatse

Illegal immigrants were arrested.

SAPS also combatted GBV.

Mphethi residents protest for better services from FTLM

The residents protested at the municipality on Friday.

The protesters seen outside the FTLM premises.

about 700 homes that needs power," said the protesters. According to the protesters, they were not considered in the FTLM's current Integrated Development Plan (IDP) budget. The residents also seemed concerned about the lack of water in their community. "Since the borehole was stripped, we don't have an alternative water supply. Not even a near-by river. We rely on buying water," they complained. The memorandum was received by MM Mabelane, Head of development and planning at the FTLM. The Maapea Mphethi residents and EFF gave the FTLM seven days to respond to the memorandum of demands.

STEELEPOORT

As part of the Department's mandate to keep the communities safe, the MEC for Transport and Community Safety in Limpopo, Mavhungu Lerule-Ramakhanya together with the SAPS Provincial Commissioner Lt. General Thembi Hadebe fringed by the Acting HoD Steve Matjena and other senior officials in law enforcement led a multi-disciplinary operation in Tubatse-Fetakgomo local Municipality.

The operation commenced with an oversight visit to the Burgersfort police station where a briefing on the status quo in the policing precinct and a walk-about around the police station transpired. Notions and recommendations were made regarding the conditions and design of the station facilities, with more focus on prudence when attending to GBV cases. The MEC acknowledged the service delivery improvement efforts at the station and stimulated personnel to always serve the community members with respect.

The second part of the day's planned activities was an Unannounced School Visit at Manoke High School, where searches for illicit substances, awareness against the use of drugs and anti-bullying

were conducted.

MEC Lerule-Ramakhanya and her entourage proceeded to extension 10 in Burgersfort where a door to door campaign against Gender Based Violence ensued. Several households were visited, hawkers and bystanders warned against GBV and encouraged to stand together and Break The Silence against the scourge and criminality. Information material on GBV with safety tips were distributed throughout the location.

The MEC and the PC were hosted at the Tubatse Community Radio Station before proceeding to Steelport where a Roadblock operation was set up as an end statement to the day's program.

The Roadblock yielded the following successes, four illegal immigrants arrested, three suspects arrested for cable theft, one suspect arrested for illicit cigarettes, 26 traffic summons issued, 14 warrants of arrest executed.

Other success included 16 drink and drive screening done, 75 vehicles tested for road worthiness, 601 people searched and 573 vehicles searched.

Lerule-Ramakhanya thanked law enforcement officers on site for their participation in the operation and urged them to continue with diligent service even when she's not around.

A roadblock was conducted on the R555.

BURGERSFORT

Fed up residents of Maapea Mphethi in Ward 17 protested to the Fetakgomo Tubatse Local Municipality (FTLM) demanding better services on Friday. The residents were in solidarity with the members of the EFF in Tubatse. The group handed their memorandum of demands to the management at the FTLM

The residents indicated the municipality has done nothing to ensure acceleration of service delivery in their

village.

Residents claimed for the past years, they had been without electricity, water and some of them have no homes. "We feel neglected by our own municipality, the deny us our rights to have water and electricity," said the residents. In their memorandum, they indicated. "In 2019, we submitted a list of households to be electrified, they were 360 homes. None of the houses was electrified. The number has doubled and we have

**FETAKGOMO TUBATSE MUNICIPALITY
NOTICE OF APPLICATION FOR ESTABLISHMENT OF A TOWNSHIP IN TERMS OF SECTION 93 OF THE
FETAKGOMO TUBATSE LOCAL MUNICIPALITY LAND USE MANAGEMENT BY-LAW, 2018**

BURGERSFORT EXTENSION 72

I, Jaco Daniël du Plessis of ProfPlanners & Associates (PTY) LTD., being the authorised agent of the owner of Portion 14 of the farm Leeuwvallei 297 K.T., hereby give notice in terms of Section 93 of the Fetakgomo Tubatse Local Municipality Land Use Management By-Law, 2018, that I have applied to the Fetakgomo Tubatse Municipality for the establishment of a township in terms of Section 56 of the said By-law, referred to in the Annexure hereto. Particulars and plans relating to the application may be inspected during normal office hours at the Office of the Town Planner (013-2311076/1216), Office G15, Ground Floor, Civic Centre, 1 Kastania Street, Burgersfort, 1150, for a period of 30 days from the date of first publication of the notice in the Provincial Gazette (13 May 2022) and the Sekhukhune Times newspaper.

Objections to or representations in respect of the application, including the reasons for such objections or representations, with full contact details, without which the Municipality cannot correspond with the person or body submitting such objections or representations, shall be lodged with or made in writing to the Director: Development Planning, Office of the Town Planner, Office G15, Ground Floor, Civic Centre, 1 Kastania Street, Burgersfort / P.O. Box 206, Burgersfort, 1150 from 13 May 2022 until 13 June 2022. Oral objections or representations can be made during normal office hours at the office of the Office of the Town Planner. Closing date for any objections and/or comments is 13 June 2022.

Address of applicant: ProfPlanners & Associates, P.O. Box 11306, BENDOR PARK, 0713; Pevland Building, 3 Neethling Street, Hampton Court, Bendor, POLOKWANE, 0699; Tel No: 0828539070; email: jaco@profplanners.co.za

Dates on which notice will be published: 13 May & 20 May 2022

ANNEXURE

Name of township: Burgersfort Extension 72

Full name of applicant: ProfPlanners & Associates (PTY) LTD. (2017/075841/07)

Number of erven, proposed zoning and development control measures: The township will consist of two "Business 1" zoned erven. Erf 1 will be ±11985m² and constitutes the retail shopping centre and 12 residential units (flats). Erf 1 will have a maximum coverage of 50%, a floor area ratio of 0.6 and a total of 109 parking spaces. Erf 1 will have the following building restriction lines: 0m on Protea Street, 1.5m on Mpumula Street, 0m on the eastern erf boundary and 2m on the northern erf boundary.

Erf 2 will be ±1590m² and utilised for a filling station, have a coverage of 38% and a floor area ratio of 0.15. Erf 2 will have the following building restriction lines: 3m on Protea Street, 1.5m on Mpumula Street, 0m on the eastern erf boundary and 1m on the northern erf boundary. The further control measures are in accordance with the provisions of the Fetakgomo Tubatse Land Use Scheme, 2021.

The intention of the applicant in this matter is to establish a township for the existing retail development (Tarfam Shopping Centre), 12 residential units (flats) and existing filling station on the application property.

Locality and description of property: The proposed township will be established on Portion 14 of the farm Leeuwvallei 297 K.T., located adjacent and to the north of Protea Street and the Burgersfort taxi rank and located adjacent and to the east of Mpumula Street, opposite the Burgersfort Mall.

MOTETEMA
Limpopo Member of Executive Committee (MEC) for the Department of Social Development (DSD) Nkakareng Rakgoale has handed over school uniform to the 25 needy pupils at Mohlabetsi Secondary School, outside Groblersdal in Motetema area.

The MEC also brought smiles to the Grade 12 learners when she gave away tablets to them.

According to the department, during back to school campaign in January, Rakgoale became aware of the plight of a number of vulnerable learners at the school.

"It is not about what you have, it is about what you do with what you have," she told the learners.

Rakgoale motivated the pupils not to allow their personal circumstances to determine their future. She explained that she also did not have a pleasant family background, but she chose to study very hard to change her situation.

Rakgoale advised the learners to use the new tablets to supplement their education but also that the group of learners be mindful of bullying and to support each other.

MEC Rakgoale donated school uniform to Mohlabetsi learners.

The EFF plea with the community in assisting to locate missing Gift

The missing Mpho Gift Malope.

TKGAPHAMADI The Economic Freedom Fighters (EFF) in Limpopo is concerned and saddened by the disappearance of Gift Mpho Malope (31) who went missing on May 9th 2022. The missing is a member of the EFF under Elias Motsoaledi Local Municipality, ward 21 within Thomas Sankara branch. Titus Tshungu, the EFF spokesperson in the province, said Gift was reportedly abducted from her home, in Kgapshamadi village by unknown suspects.

Tshungu said the mystery abductor was seen driving a white Honda Sedan. "People in the surrounding

area only saw the car driving off and no one could see what Gift was wearing during the time of the abduction," said Tshungu.

"Information at our disposal is that police are hot on the heels for two men who are suspects in this case," he said.

Accordingly, the EFF appeals to the public for assistance in locating Gift.

Anyone with information that may assist the police in tracing her is urged to contact Police Detective Tekhupi on: 072 7632 693.

"Fighters and ground forces let's go all out and help the police and the family in finding for one of our own," Tshungu appealed.

Mogale wa Bagale educators showing off with the trophy they won.

PRAKTISEER Bogwasha Circuit honoured the best performing schools in their circuit on Thursday. The event was held at Dr CN Phatudi TVET College.

Pupils who excelled with the 2021 matric exams were honoured with certificates, medals and trophies.

Circuit manager Setadi Makotanyane said, "We also awarded gongs to best teachers, overall best school in the circuit, and best pupils per subjects. We are aiming to also include primary schools in future as part of the recipients of the awards."

Keynote speaker Dr Steve Nkadimeng said, "It is our responsibility as people of Sekhukhune to ensure results improve in this district. Let's stop pointing fingers and all

work hard to achieve a milestone.

"Let's stop making targets for matric pass rate and say we aim for an 80 percent. What about the 20 percent? Every pupil has to pass."

He pleaded for support from parents. "Work together with the teachers. Parents need to play a parental role and not attack teachers." Amongst the best schools with the 2021 matric results in the Bogwasha Circuit is Manoke, Taung, Lehlabile and Mogale wa Bagale schools.

The award for best pupil in the circuit went to Mildred Phokane of Taung Secondary School. She accumulated six distinctions in her subjects. Mogale wa Bagale was handed the award for the best performing school in the circuit.

Honouring the Impats' Culture

BPSA Leader, Seun Mogotji, says the newly established interim committee will be dealing directly with issues of foreign nationals who work around Groblersdal farms.

Clash between locals and foreigners over farm jobs

GROBLERSDAL
Bolsheviks Party of South Africa Leader, Seun Mogotji, says they cannot tolerate discriminatory employment practices, which favours foreign nationals over South Africans in Groblersdal farms.

This is after some farms around Groblersdal replaced South African citizens with foreign nationals as seasonal and permanent workers.

The foreign nationals are alleged to be undocumented and in the country illegally working for lower wages than those demanded by South Africans.

Following the replacement, the expelled South Africans outraged and threatened to go and forcefully remove the foreign nationals from the farms to claim their jobs back.

A meeting was called at OR Tambo Stadium in Dennilton where the now unemployed farm workers voiced their unhappiness.

An interim committee that will be dealing with the issue of undocumented foreign nationals was formed by community leaders.

According to Mogotji, who is part of the interim committee, the structure will be working towards the establishment of the local Operation Dudula Movement, which will be dealing with issues of undocumented and documented foreign nationals in local farms.

"Following the fruitful meeting, we have written letters to the Police, Department of Home Affairs, Human Rights Commission, Department of Labour, Sekhukhune District Municipality and Elias Motsoaledi Local Municipality seeking their intervention to resolve this problem," he said.

Mogotji said the movement will ensure the elimination of possible xenophobic attacks as the appointment of undocumented foreign nationals could

fuel tension between foreigners and locals.

"This issue comes at a time when the country is battling with the issue of undocumented foreign nationals. This is the reason we want to engage relevant authorities as we won't take any responsibility on how the community might act when they visit the affected farms," he said.

However, Mogotji said they will not fold arms and watch local people suffer without jobs while foreign nationals work for cheap labour in local farms.

"We want to do this in a proper way and use Dudula to remove those who do not have valid documentation to can work in those farms," he said.

Mogotji said the interim structure has given relevant authorities 30 days to deal with the issue of undocumented foreign nationals in the farms around Sekhukhune District Municipality.

Stranded TUT students evicted from campus accommodation

TUT students at Polokwane Campus vulnerable at the university entrance after they were evicted from their accommodation.

POLOKWANE
More than hundreds of students from the Tshwane University of Technology (TUT) Polokwane campus were left in the cold after they were evicted from their residence last week Friday.

The students, who are beneficiaries of the National Student Financial Aid Scheme (NSFAS), were urged to sleep at the university gate as they were told the student funding scheme did not pay their accommodation and their lease had lapsed.

The students were staying at the accommodation since the beginning of the year. They say they do not feel safe sleeping at the university gate and claim the university has refused to license the accommodation and renew their lease.

Students said they have been staying there for the past

three months, not noticing that they will be evicted as soon as the accommodation lease lapsed.

Because it was very cold and raining, one student was reportedly sick while at the university gate and later admitted in hospital.

The evicted students claim they pleaded with the landlord to allow them to go inside but were refused entry and ended up sleeping outside in the cold and rainy weather.

TUT Spokesperson, Phaphama Tshisikhawe, said the accommodation issue is a crisis affecting universities across the country.

Tshisikhawe said the university has taken the problem seriously and is working closely with campus management, the Students Representative Council (SRC) and student accommodation personnel to get an impeccable solution in the matter.

Tshwane University of Technology

We are looking for a **strong candidate** to join our winning team.

Post office branches will no longer pay R350 SRD grant at its branches across the country

The South Africa Post Office (SAPO) has announced it will no longer pay the R350 social relief of distress (SRD) grant through its branches across the country.

The State Owned Entity (SOE) said the move will help alleviate long queues at its branches, with many recipients of the grant having several options to collect their money.

"The new round of application for the R350 SRD grant has opened. The application app includes an option where beneficiaries can receive their grant from any Pick n Pay, Boxer, Shoprite, Checkers or USave merchants," said Johan Kruger, SAPO national spokesperson.

He said the entity strongly advises beneficiaries to include this option as Post Office branches will no longer pay out SRD grants.

"If you have already reapplied for your SRD grant, you can still select the option to collect your grant from any Pick n Pay, Boxer,

Shoprite, Checkers or USave. Log on to srd.sassa.gov.za and respond to the security SMS you receive on your phone. You can then include merchants in your application and submit the updated application," said Kruger.

He added that the beneficiaries must have their own cell number to withdraw their grant at supermarket and advised those without their own number to purchase SIM card and use that number to apply for the grant.

"Beneficiaries will be assisted to reset card pins at the cash points. The card can then be used at merchants at ATMs," explained SAPO spokesperson.

He assured beneficiaries who receive old age, disability or child grant at Post Office branches that they will still collect the money there.

The change only affects those who are granted and approved to get SRD grand at the Post Office.

Post office branches will no longer pay R350 SRD grant at its branches across the country.

DA concerned over the increasing number of suspects escaping police custody

DA Limpopo Provincial Spokesperson on Transport and Community Safety, Kotlego Suzan Phala, says the party is worried about suspects who escape from police custody are putting ordinary citizens at great risk.

SEKHUKHUNE

The Democratic Alliance (DA) in Limpopo, says it is worried about the increasing number of awaiting trial suspects who escaped from the custody of the police in the province.

The party said its concern emanates from a shocking recorded number of 430 awaiting trial suspects who escaped from police custody in the past five years.

The shocking stats of the escapees were released by National Commissioner of the Police General Fani Masemola, indicating that during the past five years, Limpopo recorded 230 escapes from police holding cells, the highest nationally. In addition, 24 suspects escaped from police vehicles and a further 176 escaped from physical police detention.

DA Provincial Spokesperson on Transport and Community Safety, Kotlego Suzan Phala, said they are worried that the majority of the escaped suspects were not arrested.

"From the 430 escapees, only 321 were re-arrested, leaving 109 criminals to endanger the safety of our communities. It is unacceptable that over 5 years, only 40 police officers in Limpopo were charged for negligence in the 430 incidents. In the Free State there were 179 escapes over the same period and 147 officers were charged with negligence," said Phala.

She said the party has submitted a written questionnaire to the National Council of Provinces (NCOP) and they

were simultaneously submitted to the Limpopo MEC for Transport & Community Safety, Mavhungu Lerule-Ramakhanya.

"We are still awaiting for a response from Lerule-Ramakhanya regarding the submitted questionnaire," Phala said.

According to Phala, only 40 police officers in Limpopo were charged for negligence in the 430 incidents happened in the past five years.

"In the Free State there were 179 escapees over the same period and 147 officers were charged with negligence. What is happening in our province is unacceptable," she said.

Phala said the DA is concerned that a lack of adequate detention facilities and minimal resources and the lack of effective training, increases opportunities for criminals to escape. "Furthermore, the inefficacy of SAPS to secure prisoners and prisoners awaiting trial during their incarceration in police cells and the transportation to and from court, is putting ordinary citizens at great risk," she said.

She indicated that they are concerned about MEC Mavhungu Lerule-Ramakhanya's failure to provide answers to their questions, as her mandate to provide is indicative of lack of transparency in her department.

"The DA will continue to accentuate the challenges within the SAPS that prevent our men and women in blue to ensure their own safety and the safety of our communities," she said.

We are looking for a **strong candidate** to join our winning team.

At Marula we believe in bringing our A-game every day and **working together** to **determine our destiny** as a team and individuals. This takes someone who is ready to work with a dynamic, fast paced team who are **making a difference every single day**.

The EFF calls for resources to be beefed up at labour department

LIMPOPO

The Economic Freedom Fighters (EFF) in Limpopo calls on the Limpopo Department of Labour to beef up resources at its regional office in Bela-Bela.

The party provincial spokesperson, Titus Tshungu, said the EFF has been inundated with grievances from members of the community in Bela-Bela, who are inclined to form long queues snaking out in the waiting area, with neither shades nor chairs available.

"We have noted with discontent the shortage of personnel and the ineffectiveness of the landline, which can only make outgoing calls but can't receive calls from the public," said Tshungu.

The red beret said the situation is alarming and requires immediate attention in that service delivery has been compromised, as there is only two employees assigned to assist more than 500 people per day.

"Our people are from time to time turned back home without being assisted due to the

The EFF councillor in Bela Bela Sinah Seale together with EFF labour desk coordinator Lucas Malope, Sello Mosweu and EFF GBV coordinator Ivy Kwakwa outside labour offices.

system being offline.

"As the EFF we deem the circumstances under which the regional office is operating, as abusive and financially demanding to people who travel more than 50 kilometres to the office for nothing," briefed Tshungu. He said although, the EFF leadership met with the management on May 6th where in a commitment was made "to

provide chairs by Friday this week, we are not content"

Party spokesperson said the management does not inspire confidence in resolving the issues holistically as they indicated that they still need to discuss means to attend to the outstanding challenges.

He reiterated that the EFF will monitor the matter until its finality.

Mohlamonyane brings home silver medal from World Team Cup

Daniel Rampedi, Lucas Sithole and Danny Mohlamonyane celebrating after winning a silver medal in the Wheelchair Tennis BNP Parisbas World Team Cup final held in Portugal.

MOUTSE: Moutse born wheelchair tennis player, Danny Mohlamonyane, was among a team of the South African squad that won a silver medal in the BNP Parisbas World Team Cup final, held in Portugal last week Saturday.

Mohlamonyane, from Ntwane Village in Moutse outside Groblersdal, was part of a South African Wheelchair Tennis team that made history for being the first African country to reach the finals of the International Tennis Federation (ITF's) flagship wheelchair tennis team event.

The South African team, comprises of Donald Ramphadi, Lucas Sithole and Danny Mohlamonyane, took home a silver medal after losing to top seeds, the Netherlands team, in the final match.

To reach the final, the South African team defeated Brazil in the semi-finals, held at Vilamoura, in Portugal, on Friday.

After a successive bronze medals in 2019 and 2021, South Africa was looking forward to an upgrade this year, to lift the World Team Cup trophy on the Saturday final match and take home the gold medals.

South Africa started this year's event as seventh seeds, due to former world No. 2 Lucas Sithole currently not

having a ranking.

However, with the 2013 US Open champion returning to international competition for the first time since September 2019, his experience of playing at the highest level paid off, even if he is yet to regain peak performance, as he launched South Africa's 2-1 win over a Brazilian team to reach a first World Team Cup final.

Sithole held off Leandro Pena 6-2 2-6 6-2 in his first career match against the Brazilian, but world No. 7 Ramphadi was in no mood to entertain any thoughts of a third set against world No. 8 Ymanitu Silva, racing through the second singles match 6-0 6-1.

Ramphadi said he was very excited for the team to be going to the final for the first time in history.

"I'm very happy with how my teammates Lucas and Danny played, because they really made the job easier for me, but then also for my own performance. And to be the first team from Africa to make it to the World Team Cup final and for me to be a part of that, I'm really happy," he said.

The team was also awarded 'Team of the Year' for becoming the first African team to reach the World Team Cup final

We are looking for a **strong candidate** to join our winning team.

At Marula we believe in bringing our A-game every day and **working together** to **determine our destiny** as a team and individuals. This takes someone who is ready to work with a dynamic, fast paced team who are **making a difference every single day**.

Mayor intervene to erection of speed hump on deadly road

SANRAL construction workers erecting a speed hump at Tafelkop Village outside Groblersdal following the intervention of Elias Motsoaledi Mayor Cllr David Tladi.

TAFELKOP - Following a fatal hit and run incident that claimed life of a community member on the R579 Road in Tafelkop, the Mayor of Elias Motsoaledi Local Municipality, Cllr David Tladi, intervened to see that a speed hump is urgently erected on the killer road.

The speed hump was erected by the South African National Roads Agency Limited (SANRAL) last week Friday.

According to residents, more than ten community members have since died on the dangerous road in separate string of hit and run incidents.

The latest fatal incident occurred in the evening on Sunday 24 April wherein, a 30-year-old man named Sepadi Mankwe Moela, was hit by a speeding Toyota Quantum that failed to stop after the incident.

According to eyewitnesses, apparently the victim was also ran over by a speeding Toyota Avanza and died on the scene. Eyewitnesses alleges that the Avanza driver had also drove off after running over the victim who succumbed to serious injuries.

Last week Monday, angry residents of Mgababa Section in the village, mobilized and attempted to erect their own speed hump on the deadly road.

The crowd also threatened to disrupt the traffic until their concerns reach relevant people in government.

Following the threats, Tladi rushed to the scene and committed to meet relevant authorities, whereby, a speed hump was erected by SANRAL last week Friday.

A community member, who did not want to be named, said they were worried that the road had already claimed lives of more than ten villagers, with the government doing nothing about the situation.

"We are happy now that our concerns were heard and the speed hump was erected. This will save lives because motorists were always speeding, especially at night. We have been pleading with government to intervene and now we are glad with the mayor's immediate action," he said.

Limpopo Provincial Police Spokesperson, Brigadier Motlafela Mojapelo, said a case of culpable homicide is under investigation at Motetema Police Station.

"The police were called to a scene of an accident where a pedestrian was hit by an unknown vehicle that failed to stop after the incident. The victim was identified as Sepadi Mankwe Moela and was certified dead at the scene," he said.

Mojapelo said no arrests were made and the suspect(s) is not known at the stage but police investigations are underway.

"Anyone with information is requested to contact the police toll free line on 08600 10111 or the nearest police station," he said.

We are looking for a **strong candidate** to join our winning team.

At Marula we believe in bringing our A-game every day and **working together to determine our destiny** as a team and individuals. This takes someone who is ready to work with a dynamic, fast paced team who are **making a difference every single day**.

PURPOSE OF THE JOB: To tender and place orders for site work or manufactured goods in area of responsibility (commodity)

MINIMUM QUALIFICATIONS AND REQUIREMENTS:

- Grade 12 (NQF Level 4) certificate with Mathematics and Accounting is essential
- Studying towards a B.Com Degree (or equivalent 3 years commercial qualification is essential)

HAWKS secure preservation order into allegations of drug dealing investigation worth R4 million

SEKHUKHUNE- The Directorate for Priority Crime Investigations' (HAWKS) Asset Forfeiture team together with the National Prosecuting Authority (NPA) have secured a preservation order into the allegations of drug dealing worth R4 million.

Captain Matimba Maluleke, HAWKS Limpopo Spokesperson, said the order was obtained on 22 April 2022, from the Polokwane High Court.

Maluleke said that on 16 June 2020, the police in Marble Hall discovered a huge clandestine drug laboratory on Picon Game Farm within the Marble Hall area.

"Police arrested two suspects and seized drugs worth over R10 million as well as firearms. The HAWKS' serious

organized crime investigation members were entrusted with the investigation of the case. While the members were conducting further investigation, vehicles that included a Mercedes Benz truck, Great Wall Motors truck, Diamond trailer, Great Vinno trailer, Toyota Hilux and Perkins generator were recovered from the farm and seized," informed Maluleke.

He said that the court in terms of Section 38(3) read with Section 41 of the Prevention of Organized Crime Act, no 121 of 198 gave the HAWKS' Assets Forfeiture an authority to preserve the seized assets including Picon Game Farm situated at Toitskraal outside Marble Hall until the outcome of the forfeiture proceedings was instituted

Sekhukhune Women Football reaches new heights

Milania Ladies FC from Glen Cowie is determined to be the first team to win the SAFA Sekhukhune Women's Regional Football League.

S EKHUKHUNE: The South African Football Association (SAFA) in Sekhukhune Region has embraced a new era of women football in the region.

The association has registered eight teams from various parts of the region that are participating in the newly established SAFA Sekhukhune Women's Regional Football League. The Sekhukhune football women's league matches commenced last week Sunday, with all teams playing their first games.

The women's football teams featured in the competition are Nokaneng Ladies FC from Tubatse, Thotho Ladies from Thoto Village, Sea Waters Ladies FC from Mamone Village, Mashadi Ladies FC from Mashadi Village, Victorious Sports Academy Ladies from Ga-Masemola Village, Milania Ladies FC from Glen Cowie Village, Junior Bucks Ladies FC from Phokwane Village and Meretlwaneng Ladies FC from Diphagane Village.

According to Frank Maredi, who is SAFA Sekhukhune Regional Football League Coordinator, remained a priority within the organization for the few past previous years.

"However, we were struggling to get teams to come and join because most of the ladies who were participating in the sport in the villages could not imagine playing organize football," he said.

Maredi said SAFA in Sekhukhune aims to grow women football exponentially in all levels to bring it in a mainstream, until

they produce professional women football players who will form part of the national soccer team.

"The first round of the current season will be completed in June and we are expecting the second round to finish around September and October. Teams that will be in the first and second place will be eligible for the play-offs and the winners will be promoted to the Provincial Sasol League," he said.

Maredi said unlike in the men football, the women's league will have no other competitions within the league.

"This is because we still lack sponsorship in the women's league. But our plan is to have more competitions within the league in the near future," he said.

Maredi called on other interested women's football teams within Sekhukhune to come and join the league in the next season.

"Most of the teams participating in the league are coming from Makhuduthamaga Local Municipality except only Nokaneng that is from Tubatse. We are still expecting women's league from other parts of Sekhukhune such as Dennilton and Burgersfort to come and join," he said.

Meanwhile, Maredi said the male football league will be completed soon and teams that will be crowned streams winners will battle in the play-offs for the Sekhukhune championship crown.

"Currently, we are only left with a few matches playing in Stream C2 and they will be completed in a week's time," he said.

We are looking for a **strong candidate** to join our winning team.

At Marula we believe in bringing our A-game every day and **working together** to **determine our destiny** as a team and individuals. This takes someone who is ready to work with a dynamic, fast paced team who are **making a difference every single day**.

INVESTIGATION OF SETTINGS OF STONES AT TWO RIVERS PLATINUM MINE

A Public Notice is hereby published in terms of Section 36 of the National Heritage Resources Act (NHRA) (No 25 of 1999) for the investigation of settings of stones at Two Rivers Platinum Mine near Steelpoort in the Fetakgomo Tubatse Local Municipality. The settings are in two locations.

(i) The first location is at GPS Coordinates 24°56'4.60"S & 30° 5'52.10"E. An application will be lodged with the South African Heritage Resources Agency (SAHRA) for an excavation permit to determine whether the settings are graves or not. If human remains are found, permission will be sought from SAHRA to rebury the remains at the nearest formal cemetery.

(ii) The second location is at GPS Coordinates 24°56'14.20"S & 30° 5'33.00"E where the objective is to protect graves. Non-destructive surface investigations will be undertaken to determine whether the settings of stones are graves or not. Appropriate interventions will be informed by the outcomes of the investigations.

Anyone with information about the stone settings or has objections in respect of the proposed investigations is hereby required to make the same known in writing to the emails given below or by telephone within sixty (60) days from the date of publication hereof, after which the period of notice will lapse.

RESPECT, CARE AND DELIVER

You don't need to produce a TV license to apply and register for STB Installation. If you are a South African citizen with a household monthly income of R3500 or less and still rely on analogue TV viewing, you qualify for a free government subsidised decoder and installation.

Apply at your nearest Post Office or through www.stbregistration.gov.za to receive your FREE decoder and installation.

Registration is NOT indefinite

All you need is a valid RSA ID, proof of household income and proof of residence. You will get an affidavit at the Post Office to declare where there is no income (unemployed). A letter from local house of traditional leadership or ward councillor will suffice for households without documented physical address.

For more info send a WhatsApp message to 0600 625 458 or call 0860 736 832.

SEKHU SPORT KHUNE

The world football governing body lifted a ban on Marumo Gallants

SEKHUKHUNE

The International Federation of Association Football (FIFA) has officially lifted a ban of registering new players for Marumo Gallants, DSTv premiership club was banned from registering new players following a dispute with former Kaizer Chiefs striker Gustavo Paez.

This comes after Marumo had failed to compensate the Venezuelan forward for prematurely terminating his contract in 2020 after he had signed with Tshakhuma Tsha Madzivhandila (TTM), who later sold their status to Marumo.

Bahlabane ba Ntwa were then handed a 3-year transfer ban on registering new players inherited from former TTM.

"Following the failure to compensate Paez, Marumo FC were handed a three-year transfer ban on registering new players," read the statement sent out by the club.

"Marumo Gallants FC appealed the ban, which was inherited from the former TTM FC. After lengthy discussions, Marumo Gallants and Paez reached a settlement agreement, resulting in the lifting of the ban, which was officially confirmed in a letter to the club issued by FIFA this week."

Commenting on the issue, Marumo Gallants chairman Abram Sello said: "we are relieved that the matter has been amicably resolved and that we will be able to plan for the next season,"

The Gallants are current defending champions of the Nedbank Cup 2021/22. Having made it through to the final round of this year's competition, the Gallants will take on recently crowned DSTv premiership champions Mamelodi Sundowns on May 28.

The world football governing body lifted a ban on Marumo Gallants.
