WOULD-BE LOOTERS DISMANTLED, TRUCK TORCHED

“ Those looters around Moutse Mall are not representing the views and opinions of the people of Moutse but their own as well as those of their handlers. ”

MOUTSE - The Bolsheviks Party of South Africa (BPSA) has lambasted the recent looting and vandalism of infrastructure and businesses in the country. The BPSA expressed concerns that the acts had the potential to cripple the economy and leave the poor suffering the most. Following would-be looters' attempts to attack the Moutse Mall on Monday afternoon, the party

requested that the Dennilton South African Police Service (SAPS) and provincial police see to it that the matter did not get out of control and that those inciting such activities be brought to book. Seun Mogotji, BPSA leader, said that was a call to the community to also take a stand by reprimanding family members who were taking part in such acts and collaborate with the police to ensure that they were identified.

Mogotji indicated that the Dennilton Taxi Association was also requested to keep its word as it was making business in Moutse Mall to see to it that the perpetrators were stopped.

On Monday afternoon, as the would-be looters were mobilizing near the mall, a truck was torched on the R25 and Loskop Road from

Ntwane Village.

Three suspects were arrested around the Phoko Section and others, allegedly from Mpheleng Village, were found just outside the mall.

ON Tuesday, members of the Public Order Police (POP) were monitoring the area to ensure safety at the mall.

It is also understood that similar attempts were quelled in around

the Jane Furse business area on Sunday as a group of people caused mayhem on the main road.

In Burgersfort, businesses remained closed on Tuesday as owners feared the spreading of the violent acts into the town.

“Those looters around Moutse Mall are not representing the views and opinions of the people of Moutse

but their own as well as those of their handlers. The people of Moutse in Sekhukhune are law abiding citizens who would under no circumstances burn tyres or loot businesses in the name of an individual. Sekhukhune and indeed the whole country cannot be held at ransom and rendered ungovernable by criminals masquerading as political activists,” concluded Mogotji.

The scene of the crime and some of the items police recovered during a business robbery incident at the Ackermans clothing store in Marble Hall last Friday.

Robbers tie customers and staff with shoelaces

MARBLE HALL - Police in Marble Hall have arrested four men between the ages of 31 and 38 for business robbery last Friday at one of the businesses in town.

According to police the suspects approached the Ackermans clothing store with plans to commit a robbery that day.

Brigadier Motlafela Mojapelo, Limpopo Provincial Police Spokesperson, said one of the men produced a firearm and ordered the staff members at the store and customers to lie on the floor. The suspects then tied the staff members and customers with shoelaces.

Mojapelo said one of the bystanders saw the incident and immediately called the police who responded swiftly and found the suspects inside the store and arrested them.

“Police found in the possession of the suspects, a 9mm pistol with a serial number filled off, 11 rounds of ammunition, a network jammer, network jammer charger, bank card of victims, eight bags. A Hyundai I20 sedan and a Nissan bakkie were confiscated during the arrest of the suspects,”

explained Mojapelo.

The suspects, Thabo Mogomane (38), Thabo Botsane (31), Chipane Masemola (38) and Lera-to Khalane (38) appeared before the Groblersdal Magistrates Court on Monday and were remanded to custody until 20 July formal bail application.

DRIEKOP

A 31 year old man died when a Scania truck crushed his RDP house at Mohlophe village in Driekop on Tuesday. The house was completely destroyed during the incident. The house was just next to the R37 next to the Sehlaku Technical School.

The truck had two trailers loaded with chrome. It was reportedly traveling from Polokwane to Witbank. “We can confirm that a 31-year-old man was killed while sleeping, when a truck crashed into his house next to the R37.

It is alleged the driver of the truck had lost control, veered off the road and crashed into the house,” said

Limpopo spokesman for transport and community Safety Mike Maringa. The truck driver also allegedly sustained severe injuries and he was rushed to the Dilokong hospital for treatment. The deceased man was confirmed as Solomon Jeremiah Ward. The deceased was the only occupant in the house at the time of the incident. His three siblings survived during the freak incident.

Maringa added, “Our thoughts are with the bereaved family. We pray that the injured man also recovers.” Limpopo SAPS spokesman Col Moatsho Ngoepe said they were busy with investigations of a culpable homicide case

The EFF condemns SASSA for suspending payments at pay points

SEKHUKHUNE The Economic Freedom Fighter (EFF) in Limpopo condemns in the strongest possible terms the decision by SASSA to suspend payments of social grants.

This comes after the South African Social Security Agency (SASSA) issued a statement informing its client that there will be no payments today at pay points as per scheduled due to ongoing protest in different parts of the

country.

According to the red beret the decision to suspend payments at pay points was irrational.

Jossey Buthane, the party leader in the province, said people of Limpopo are not engaged in any protest and as a result it will be wrong to punish them on assumptions.

Buthane said there is no reasonable excuse for suspending such grants which consequently will lead to the deepening of

poverty in our province. “We call upon SASSA to retract a reck-

less statement as reported in the news. We reject this irrational decision with the contempt it deserves as it is aimed at shutting down poor

families and their livelihoods,” Buthane explained where the party stands.

“Recipients of social grants have no other means of income and most of them feed their families with the grant money,” said provincial chairperson of the EFF.

He said amongst family members who are being taken care of include young people who

are capable of working and who have a desire to work but the ANC government is failing them.

The party claims that the suspension of the social grants will further lead to all sorts of social ills in society like crime. We do not want this especially at this point in time.

“We want an assurance from SASSA that no beneficiary will be deprived of their benefits as hunger has no calendar date,” said Buthane.

He also said the decision to suspend payments of social grants clearly indicates that the current government is not moved by the plight of the poor people in this country.

“It is clear that government is trying to provoke people of this peaceful province. The EFF remains the only voice of the voiceless. We say No to Suspension of Social grants payments,” he concluded.

EXCO denounces violence in Limpopo

SEKHUKHUNE - The Limpopo Provincial Government on Tuesday convened an urgent Special Executive Committee meeting aimed at getting first-hand information regarding the state of readiness from the Security Cluster on contingency plans to manage possible unrest situation and ensure stability in the province.

The Special Executive Committee meeting was called following President Cyril Ramaphosa's address to the nation on Monday, 12 July following sporadic incidents of violence and looting that marred the country in the recent days.

The meeting noted that the acts of violence resulted in destruction of property, destroyed lives and livelihoods and in the main, infringed on the human rights of other citizens as enshrined in the Constitution of the Republic of South Africa.

It also noted the fear the situation put on law abiding citizens, farm workers and farmers, essential workers, particularly health care workers and its negative impact on economic nerve centres.

Limpopo Premier Chupu Mathabatha said destruction in its very nature brought along many unintended consequences unforeseen and that therefore, as Limpopo, they urged the communities to remain vigilant and be on the high alert.

Mathabatha further said: "On the very same wavelength, I like to take this opportunity to thank social media users in Limpopo, who in one voice publicly declared their condemnation to the public violence taking place in our country."

The EXCO also applauded the taxi industry in the province, which on Monday, released a communiqué to the public and their customers

Limpopo Premier Chupu Mathabatha during the special Executive Committee meeting on ongoing public violence in the country.

in condemnation of the violence taking place unreservedly and said that they would never participate in the destruction of property, looting of shops and blockading of roads.

The committee extended its best wishes to all traditional leaders, faith based organizations, civil society groups, Non-Governmental Organizations and all members of the society for remaining calm during the current

trying period. Premier Mathabatha added that as a province they could not afford to interrupt the COVID-19 vaccine roll-out plans and therefore, they would not be part of the ongoing public violence.

"We will continue avoiding gatherings, we will continue social distancing, wearing our masks, sanitizing and washing our hands with water and soap," concluded Mathabatha.

No social grants payment at pay points due to on-going protest

SEKHUKHUNE
The South African Social Security Agency (SASSA) has issued a formal statement informing its clients that there will be no payments today at pay points as per scheduled due to ongoing protest in different parts of the country.

According to the provincial spokesperson, Zwannda Kutama the department has acknowledged, that the riots have not spread to the province however, this was a preventative measure taken by Security Company responsible for transporting cash to pay points.

"Beneficiaries are advised to use alternative means to access their

money such as Automatic Teller Machine (ATMs) and Merchant stores within their areas," said Kutama.

SASSA apologises to all social grants' beneficiaries for the inconvenience that this might

cause. Kutama said it is an unfortunate situation; however, necessary steps should be taken to avoid any damages and losses as well as to protect lives.

By Palesa Makanyane
LIMPOPO

The Ministry of Fundamental Education calls for all educators in the field to participate later this year in the National Teaching Awards.

In the year 2000, the NTA was founded to acknowledge the steps that teachers have taken to ensure that grades improve and are supported. The NTA is presently in effect for the (21) years implementation.

This edition will take place in a moment in which the country is facing the huge Covid-19 pandemic that paralyzes education in various ways, with DBE intending to perform the 21st edition activities in conformity with the protocols prescribed by the President of the Republic of South Africa.

All public education teachers, registered under the South African school law, are eligible for this contest.

During the last few years, the rewards ranged from the cash prizes to cars provided by the Department partners.

The NTA aims to motivate teachers in their efforts to achieve the country's advantages.

Teachers' work has now been further complicated by the development of the coronavirus that has disturbed the educational area in an unprecedented way.

By introducing various aspects which aim to raise the contribution of teachers in the education sector, the department has worked to enhance the teaching recognition and support program.

The exceptional efforts performed under severe circumstances by the teachers. Therefore, the Department has developed new prizes to pay homage to people who have showed commitment and sacrifice in crises.

The process of nominating teachers will start at school level and taken proceed to the district. The same process will be repeated in the province until winners reach the final phase of the selection of winners by a national adjudication panel.

APEL

Four suspects arrested for alleged illegal mining in Apel are due to appear before Sekhukhune Magistrate's Court on Friday July 16.

Zimbabwean nationals, Lloyd Sithole (32) Moses Nemaqanda (37),

Wilton Haruzi (34), and Joseph Hlongwane (23) a South African, were arrested last Tuesday after they were found with three trucks loaded with chrome.

Last week the guys briefly appeared before the court and were remanded in custody for legal repre-

sentatives to be appointed.

"The determination of the SAPS in Limpopo to eradicate illegal mining led to the arrest of the suspects during operations that were conducted by members of Public Order Policing (POP). "The members spotted the trucks along the R37 road and pulled them over. "The trucks were found with loads of suspected unprocessed chrome and

were all confiscated. The four men were then apprehended," said Limpopo SAPS spokesperson, Brig Motlafelo Mojapelo.

Traditional and religious healers' body puts workshops on hold

Ngaka Mankge, a health promoter (Kobela) with her students, Hendrick Makoana and Thabang More who completed their training before adjusted level 4 lockdown.

TAFELKOP - The South African Religious and Traditional Healers Organization (SARTHO) has decided to drop all its workshops that were scheduled for 2021 and further urged members to obey and abide by government's COVID-19 regulations.

SARTHO highlighted that it was aware that some of its members have completed their training as required but were unable to host welcoming ceremonies due to COVID-19 regulations.

The body urged those affected to touch base with their local health promoters to collect or apply for their certificates in line with their training.

Shadrack Mathume Maelane, SARTHO Chairperson, advised members to refer their patients to local clinics in case they suspected or identified symptoms COVID-19.

The structure added that it was 100 percent behind government's plan to stop the spread of COVID-19 and urged for its members to vaccinate and work together with the Department of Health to avoid loss of life due to neglect and ignorance basic health protocol.

Regina Mankge, SARTHO Secretary, expressed concerns that they were aware of people impersonating traditional and religious healers, an act which endangered the life of the society and also painted a bad picture of traditional and religious healers in general.

The structure's deputy chairperson, Morose Mathunye, pleaded with members to contact the local health promoters (Kobela) for their certificates and cards because all workshops have been suspended until further notice.

The Sehlaku community and surrounding areas united themselves through sports to relieve themselves from the panic that comes with the pandemic. tournament with their presence was Mamatho United, Mamphahlane Home Stars, Frostburg, R37 FC, Mooihoek, Mashibishane and Royal Pirates. One of the community members when asked for a comment regarding the tournament being hosted in amidst a pandemic stated that it is frustrating enough already being at home with nothing to do and they missed the local tournaments; "What we have in common is the love for sports and that is what unites us, we do adhere to the Covid-19

regulations such as putting on masks. This tournament is relieving us off the boredom of just being at home day in, day out", he said.

The tournament commenced on the 10th and ended on the 11th of July, with only two teams of which neither were hosts of the tournament playing in the final. The teams that played in the final game were Mamphahlane Home Stars and Mamatho United, with Mamphahlane Home Stars walking away as the champions of the tournament.
