CONFIRMATION OF GRAVE SITES AT MULDRSDRIFT CEMETERY, MOGALE CITY LOCAL MUNICIPALITY (MCLM)

Reference is made to a request from Mr Titus Moshimane (074 610 9203; 061 183 9515), the Undertaker appointed to exhume seventeen (17) graves located at WG Weame Farm, Rietfontein, in Muldersdrift. Given the fact that the graves are in excess of 60 years old, Mr Moshimane is assisted by an archaeologist appointed by the South African Heritage Resources Agency (SAHRA) in order to comply with the provisions contained under the National Heritage Resources Act (No 25/1999).

This letter hereby confirms that MCLM has adequate capacity for reburials at Muldersdrift Cemetery. The graves sites will be available at the current approved tariffs for 2020/2021 Financial Year.

Attached hereto is a list of the families affected and their Affidavits, Certified ID copies and signed consent forms. It is this Office's understanding that the families don't know the actual names of the deceased. Due to the age of the respective graves SAHRA and according to the latest research conducted by the said agency and the undertaker, confirmation was obtained that the deceased and the relative knew each other due to the fact that they share the same clan name for all the descendants who were staying at the aforementioned farm.

The list of graves are as follows:

- Khunou family X 4 graves
- Pitso family X 1 grave
- Ndaka family X 2 graves
- Letsholo family X 5 graves
- Themba family X 3 graves

The Appointment Letter is also attached hereto
