16th August 2021

NOTIFICATION OF INTENT TO DEVELOPMENT OF A NEW TENTED CAMP (TSWALU CAMP 3) ON  
THE  
FARM BRUWER 294, TSWALU KALAHARI RESERVE.

Henwood Environmental Solutions (Pty) Ltd (HES) has been appointed by Tswalu  
Kalahari Reserve  
(Pty) Ltd, to conduct the Environmental Impact Assessment (EIA) process in terms  
of the National  
Environmental Management Act (Act 107 of 1998) (NEMA) (as amended) and the  
Environmental  
Impact Assessment Regulations, 2014 for the proposed project.

Tswalu Kalahari Reserve (Pty) Ltd would like to develop a new tented camp  
(Tswalu Camp 3). In this  
regard the following is envisaged:

- \* 5 individual (one bedroom) and 3 two-bedroomed tented villas.
- \* Each villa tent would have an entrance "outhouse" for storage and to  
accommodate a butler  
when tented villas occupied by guests (24 hr security for guests).
- \* The preference is to have both pool and firepit above ground.

GPS Coordinates:

27° 12' 13.6254" S, 22° 30' 45.5749" E

See attached locality map as per BID attached.

## **Appendix E3: Comments and Responses/Public Participation Report**

## PUBLIC PARTICIPATION REPORT.

This Public Participation Report is drawn up for the proposed development of a New Tented Camp (Tswalu Camp 3) on the Farm Bruwer 294 and Expansion of the Staff Accommodation on the Farm Witberg 295, Tswalu Kalahari Reserve, Northern Cape.

Public participation forms an integral component of the EIA process. The approach adopted for the project was to liaise predominantly with registered I&AP's or those directly affected by the proposed activities.

The level of public participation was determined by taking into account the scale of the anticipated impacts of the proposed project, the sensitivity of the affected environment and the degree of controversy of the project, and the characteristics of the potentially affected parties. Based on the findings of the aforementioned consideration, there was no reason to elaborate on the minimum requirements of the public participation process outlined in the EIA Regulations, 2014 or use reasonable alternative methods for people desiring of but unable to participate in the process due to illiteracy, disability or any other disadvantage.

### 1. Public Participation completed to date:

The public participation process to date has entailed the following key components:

- Placing an advertisement in the local Noordkaap Bulletin (English) on 26th August 2021. This advertisement served to advertise the proposed development and associated EIA process while inviting all potential I&AP's to register as I&AP's
- Giving written notice to owners and occupiers of land adjacent to the Farms Bruwer 294 and Farm Witberg 295, as well as the Tswalu Management (APPENDIX E), and organs of state having jurisdiction in respect of the proposed activity. Consequently, a Background Information Document (BID) was prepared and distributed via email (APPENDIX E) to:
- Fixing a notice board at a place conspicuous to the public, specifically at Tswalu's Gate (APPENDIX E). There was no reasonable alternative site.
- Making a copy of the Draft BAR available for public and authority review from the 09 February 2022, so as to conduct the mandatory 30 day public participation process ('PPP') in terms of regulation 19(1)(a) of the EIA Regulations.

Include proof that the key stakeholder received written notification of the proposed activities as Appendix E2. This proof may include any of the following:

16th August 2021

NOTIFICATION OF INTENT TO DEVELOPMENT OF A NEW TENTED CAMP (TSWALU CAMP 3) ON  
THE  
FARM BRUWER 294, TSWALU KALAHARI RESERVE.

Henwood Environmental Solutions (Pty) Ltd (HES) has been appointed by Tswalu  
Kalahari Reserve  
(Pty) Ltd, to conduct the Environmental Impact Assessment (EIA) process in terms  
of the National  
Environmental Management Act (Act 107 of 1998) (NEMA) (as amended) and the  
Environmental  
Impact Assessment Regulations, 2014 for the proposed project.

Tswalu Kalahari Reserve (Pty) Ltd would like to develop a new tented camp  
(Tswalu Camp 3). In this  
regard the following is envisaged:

- \* 5 individual (one bedroom) and 3 two-bedroomed tented villas.
- \* Each villa tent would have an entrance "outhouse" for storage and to  
accommodate a butler  
when tented villas occupied by guests (24 hr security for guests).
- \* The preference is to have both pool and firepit above ground.
