Memorandum

TO: ALL FUNERAL UNDERTAKERS
DIEPKLOOF FPS STAFF

FROM: Mr M.J Mosikili

DATE: 12 October 2020

SUBJECT: COC AS A REQUIREMENT FOR UNDERTAKERS TO REMOVE A BODY FROM DIEPKLOOF FPS

Standard FPS procedures required a funeral undertaker to produce a COC before removing a body at an FPS facility.

Following a directive that was received from NDOH, the following changes will be implemented effective from today (12/10/2020) till further notice:

- 1. No COC will be required from a funeral undertaker when removing a body from the facility.**
- 2. All other regulatory requirements, including PPE, Undertaker STAMP, address and contact details; are still in place.**

Your co-operation will be highly appreciated.

Kind regards

Mr M.J Mosikili
Facility Manager: Diepkloof FPS
Date: 12/10/2020
