Dear Mr Hart

### **REMAINDER ERF 11 KRAAIFONTEIN - HERITAGE INSPECTION**

This letter is to certify that I have inspected the above property on behalf of Ms Jill Blignaut, environmental scientist (14 Kreupelbosch Way, Constantia).

The property consists of open land, previously farmed and ploughed. The initial inspection indicates that the archaeological and palaeontological potential of the area is very low, with no material being visible on the surface. There are no structures on the sites protected by the Act.

It is my opinion that the application should be passed without any further heritage impact assessment.

Yours sincerely

Tim Hart  
(Principal Archaeologist ACO)
