Dear sir

Farm 940/7 Noordhoek - Phase 1 archaeological survey

As per your instructions we have surveyed the above portion of land as indicated on your fax of 24/5/96. The findings of our office is that archaeological or historic material or sites will not be directly impacted by development of the area.

There are a number of important sites Noordhoek and surrounding hills but none of them are on the land which is the subject of your application.

Yours sincerely

T.J.G. Hart
