Dear Kirsten,

**ARCHAEOLOGICAL INVESTIGATION OF PROPOSED STONE QUARRY ON THE FARM
SEEKOEIVLEI, GRAAFWATER**

On the 17th August 2000 I inspected the above area (32°08.581'S 18°42.972'E) at the request of the client, Mr. Tim Clarke. I can report that no heritage resources were observed on or around the area that will be quarried.

I attach an extract from the 1:50 000 map showing the location of the proposed quarry.

Yours sincerely

Dave Halkett
