1. DEFINITION

The broad generic term *Cultural Heritage Resources* refers to any physical and spiritual property associated with past and present human use or occupation of the environment, cultural activities and history. The term includes sites, structures, places, natural features and material of palaeontological, archaeological, historical, aesthetic, scientific, architectural, religious, symbolic or traditional importance to specific individuals or groups, traditional systems of cultural practice, belief or social interaction.

- 2.3 Palaeontological sites.
- 2.4 Meteorites.
- 2.5 Ship wrecks.
- 2.6 Burial grounds.
- 2.7 Graves of victims of conflict.
- 2.8 Public monuments and memorials.

- 2.9 Structures, places and objects protected through the publication of notices in the Gazette and Provincial Gazette.

- 2.14 Sites of cultural significance or other value to a community or pattern of South African history.

3, METHODOLOGY

The site was visited and inspected on foot. All appropriate documents on the area were studied.

4. RESULTS

The proposed development area has a house and outbuildings as well as servant's quarters (S26° 49' 54,6" and E26° 41' 20,0"). The rest of the stand is vacant. The buildings all date to the late 1960 beginning of 1970s (see photograph). Though the house is still in a relative good condition the outbuilding and servant's quarters are in a bad state of repair, because of cracking and vandalism. All these structures fall outside the jurisdiction of the National Heritage Resources Act (No. 25 of 1999).

There are no archaeological remains or graves on the site.

5. CONCLUSION

There are no important cultural heritage resources present on Erf 376 Elandsheuvel Klerksdorp.

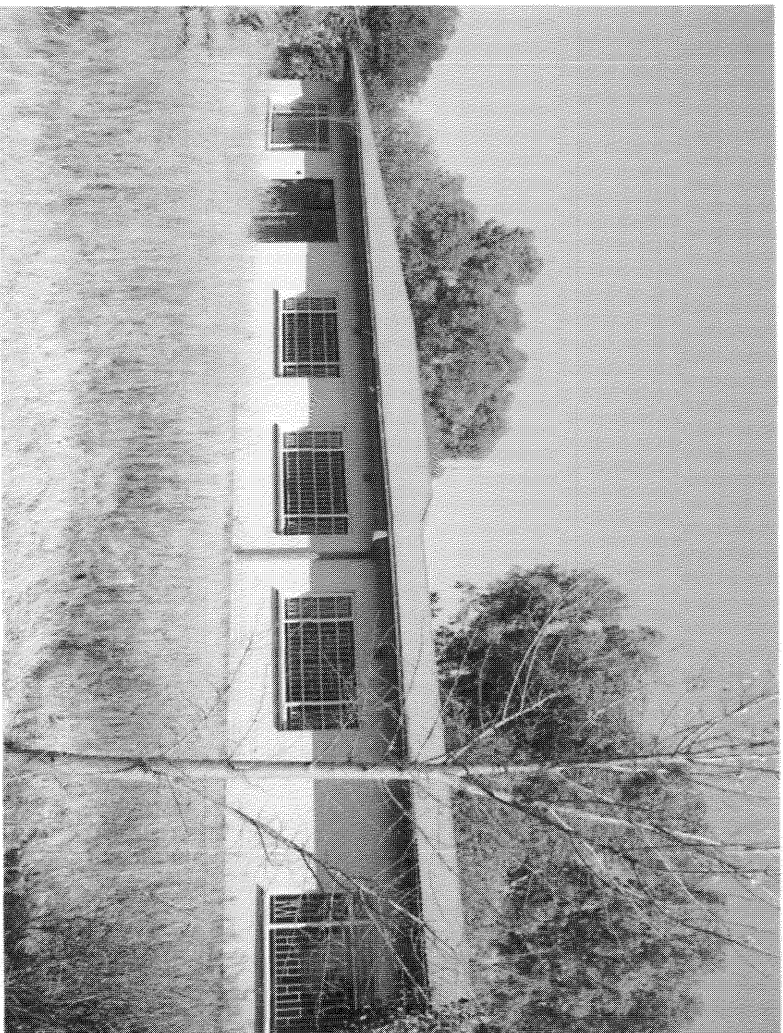

6. RECOMMENDATION

There is no objection to the proposed development from a cultural heritage resources point of view.
