RE: Application for the construction of a filling station in Bushbuckridge - Archaeological assessment

Dear Sir:

In reference to our telephonic conversation, I am writing this letter regarding the archaeological assessment for the filling station construction in Bushbuckridge. After evaluation of the project proposal it is the conclusion of AINP that the proposed area for the construction of the filling station does not warrant an archaeological assessment. This is based on the following factors;

- The area is currently a taxi rank and has undergone serious alterations during the past. Therefore, anything of archaeological value has most probably been destroyed in the past.
- The area will not affect any pristine areas.
- The suggested area for construction is in size just over the 500 square metre limit indicated by Act 25 of 1999.

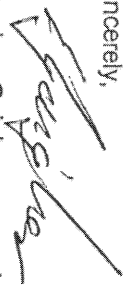

The prerogative for the final decision on the site does however not lie with AINP and the matter will have to be forwarded to the *South African Heritage Resource Agency* (SAHRA). Therefore, this letter is copied to Mr. Ron Viney of the SAHRA, with the attached photographs of the site for his evaluation.

The decision of SAHRA on this matter is final and the client will have to adhere to this. It is however my opinion that they will evaluate the matter and come to a rational decision.

As soon as response is received from the SAHRA their decision will be relayed to yourself.

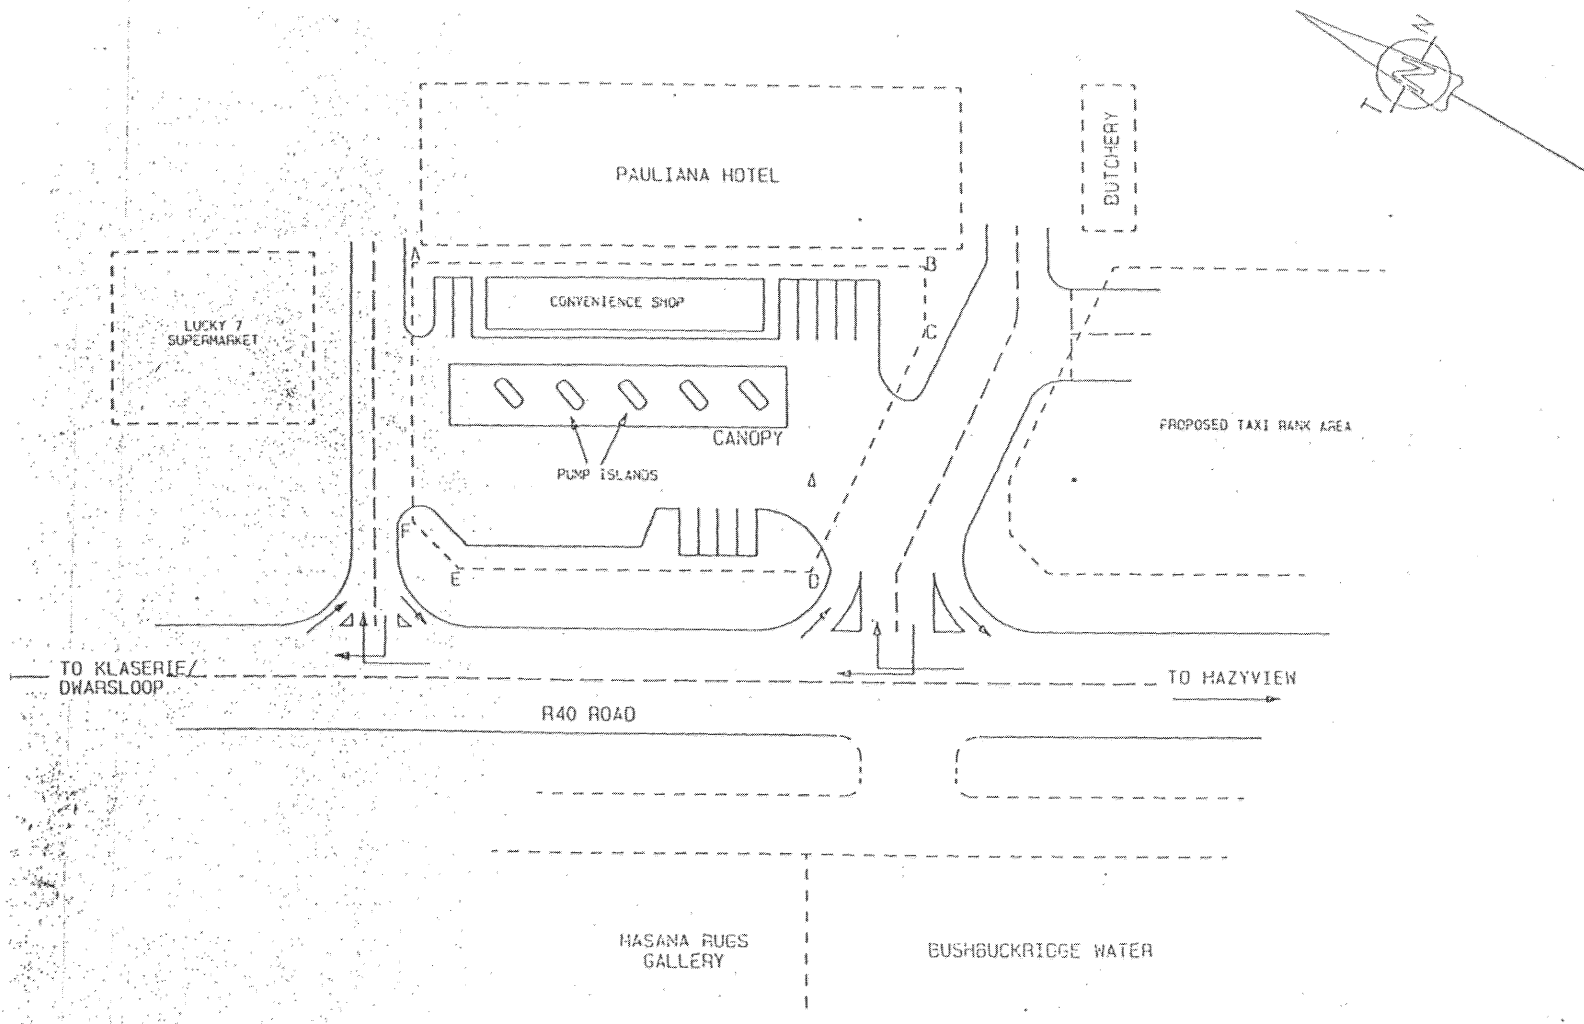

I trust that you will find this in order.

Sincerely,

  
Stephan Gaigher

(Director AINP)

## SITE DEVELOPMENT PLAN

### TENBA FILLING STATION

#### OWNER OF PROPERTY:

Mr. WILLY MOKOENA

#### DEVELOPER:

TENBA FILLING STATION CC  
(Mr. Jacques Marais)

#### PROPERTY:

A PORTION OF THE FARM  
HAYILJAN 252 K.U.

#### NOTES:

1. Figures A - F represents the filling station to be developed.
2. All areas and distances have been determined cadastially.
3. The proposed development is not subject to a 1:50 year floodline in accordance with the Water Act as amended (Act 10 of 1998).

#### DATE:

Dr. 2013

4. The development will take place not closer than 10m to the boundary of the road reserve of Road R40.

#### ENVIRONMENTAL CONSULTANTS:

TERPLAN  
P.O. BOX 1003  
P.O. BOX 1003  
TEL: 011-2514176

#### PROJECT TITLE/PROJECT NAME:

TENBA FILLING STATION

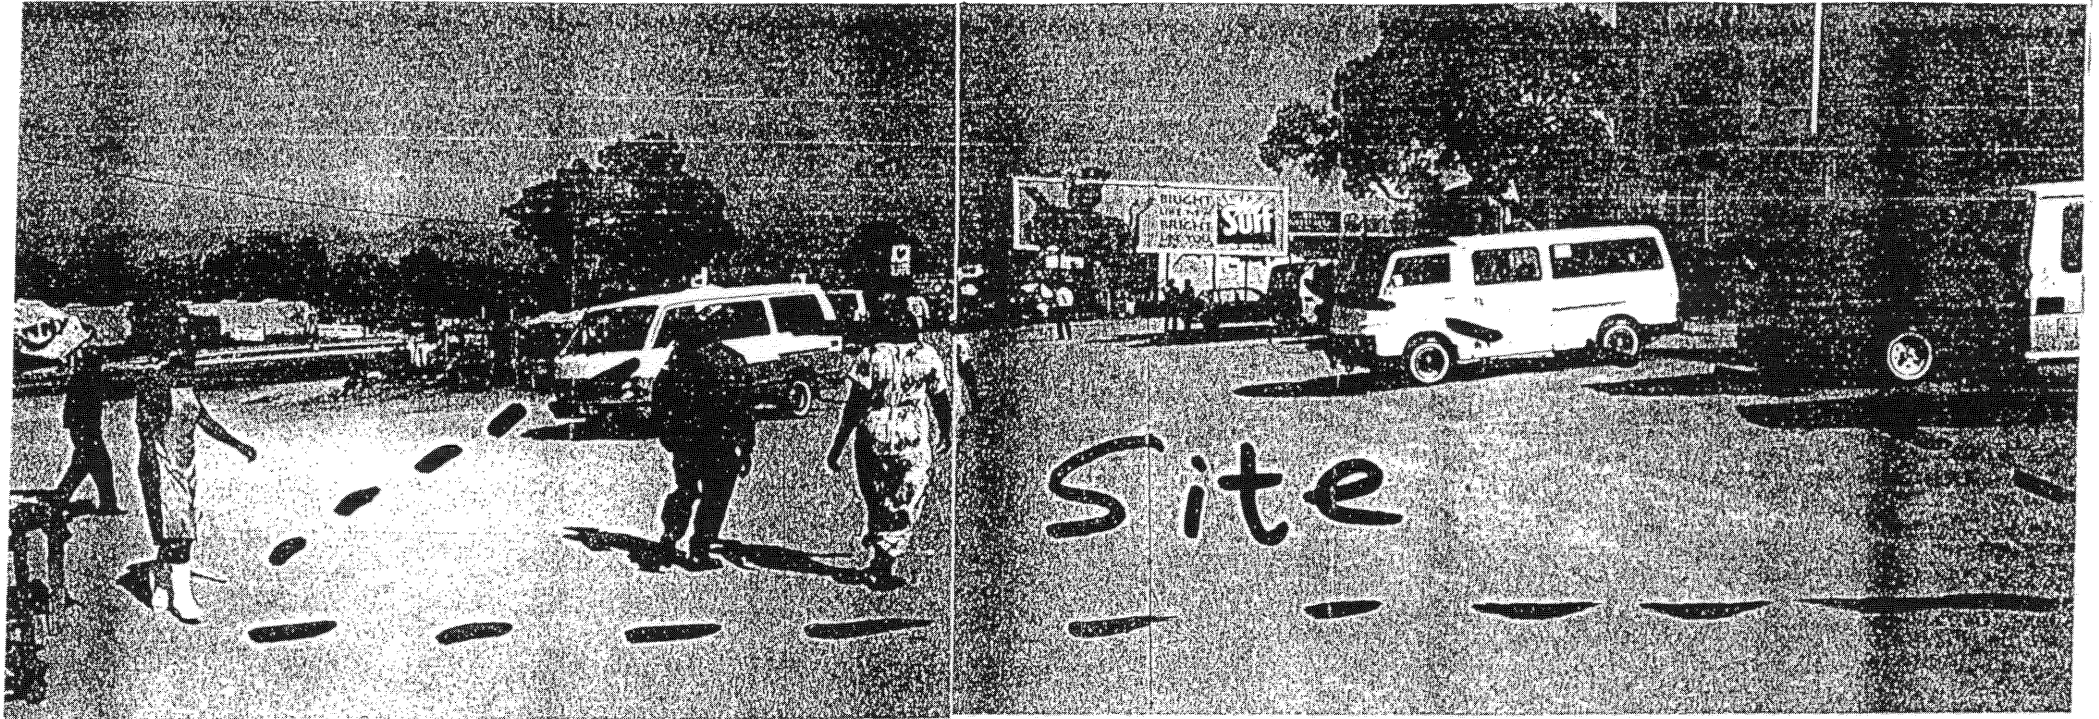

PROJECT ADDRESS: C. V. MOKOENA, HAYILJAN 252 K.U.
