Dear Mr Cave

ARCHAEOLOGICAL INVESTIGATION: BLUE HILLS PETROL STATION

As requested, we have investigated the site that is considered as possible petrol station in the Blue Hills area of Midrand, Gauteng Province.

No sites, features or artifacts of cultural significance were identified on the site and it is recommended that development can continue. However, it should be kept in mind that archaeological sites tend to occur below the ground. If, during construction, anything is opened up, this should be reported in order that it can be investigated further.

Yours sincerely
