

The archaeological survey of the Phoenix Wastewater Treatment Works

For Arcus Gibb

Date: 2 May 2005

By Gavin Anderson

**Umlando: Archaeological Tourism and Resource
Management**

PO Box 491, Mkuze, 3965

Arcus Gibb contract Umlando to undertake the archaeological survey of the Phoenix Wastewater Treatment Works as per requested by KwaZulu-Natal Heritage.

The area to be affected occurs within the current boundaries of the Phoenix Wastewater treatment works, and on land that has already been landscaped.

No archaeological sites were recorded in this area. No archaeological sites will occur in the current inner boundaries of the wastewater treatment works.
