111 Harrington Street
Cape Town
8000

Dear Mrs. Leslie

EXEMPTION OF THE FOLLOWING PROPOSED MTN BASE STATION AND MAST FROM FULL HIA INVESTIGATION; POLLEN VILLAGE

After investigation of the above mentioned sites the following recommendations are given regarding the applicability of a full HIA study;

NORMANDY VILLAGE; The site lies within an open area close to the village of Pollen. The mast and base station will be situated on a site previously damaged by the construction of the Pollen Village reservoir. Any sites of heritage potential would have been obliterated during these construction activities. It is recommended that the site be exempt from full HIA investigation.

Should you have any questions regarding these recommendations please contact us at any time.

A handwritten signature in black ink, appearing to read "Gaigher", with a stylized flourish at the end.

Sincerely
Stephan Gaigher
