A. DEVELOPMENT DETAILS

1. PROJECT TITLE:

The proposed upgrade and expansion of Wakesleigh Road, Bellair, Ward 65 of Ethekwini Municipality.

2. PROJECT DESCRIPTION:

eThekwini Local Municipality is proposing the upgrade and expansion of Wakesleigh Road in Bellair which is within Ward 65 of eThekwini Municipality. Wakesleigh Road is a Class 3 minor arterial road, within the City’s Road network. Its total length is about 1.5km and the road links Solomon Mahlangu and Sarnia Road.

According to its classification, the primary purpose/ objective of the Wakesleigh Road is to provide mobility within the urban area it services. The function of the road is therefore for long distance travel within the urban area thereby supplementing and feeding the higher order road network or freeway network. The characteristics of Class 3 minor arterial roads include high volumes, restricted access via intersections, moderate speeds and are dual carriageway roadways.

In its current state, Wakesleigh Road only has one lane in each traffic direction (single carriageway). Due to the current design and geometric constraints of Wakesleigh Road not being in line with the functional classification requirements, it is unable to perform its function as a minor arterial road within the City's road network. It is therefore proposed that Wakesleigh Road be upgraded to meet the standards of a minor arterial road.

The scope of works for the proposed development activities entail the following:

Engineering Objectives:

The proposal is to upgrade and expand Wakesleigh Road which will include the following aspects:

- Upgrading of the existing single carriageway road to a dual carriageway (two lanes per direction) with a centre median of a minimum width of 2m.
- Intersection upgrades in terms of required turn lanes and traffic control.
- 3.0m sidewalks on either side of Wakesleigh Road.
- Re-alignment and widening of the Wakesleigh Road bridge section that crosses over the rail line between Sarnia Road and River Avenue.
- Re-alignment of a section of Wakesleigh Road between Cliffview Road and Sarnia Road to improve the vertical alignment and horizontal alignment.
- The Wakesleigh Road upgrade will result in partial and / or full closure of existing intersections which will result in traffic traveling approximately 450m – 750m to the nearest intersection for full access.
