KENNISGEWINGS

ENVIRO MATRIX
NOTICE OF APPLICATION FOR A MINING PERMIT AND AN ENVIRONMENTAL IMPACT ASSESSMENT

USE OF TWO BORROW PITS IN MADIBAZI LOCAL MUNICIPALITY

Notice is hereby given in terms of Mineral and Petroleum Resources Development Act 28 of 2002 to apply for a Mining Permit application and terms of GN R 592 to 595 of 4 December 2014 as amended under the National Environmental Management Act, 107 of 1989 to apply for environmental authorisation for the following:

- GNRSID: Activity 21; process that require a mining permit application

LOCATION:
The first borrow pit is located on the farm Steynsrus 1946 and the second borrow pit is located on farm Zwartkops 301. The GPS coordinates of the pits and borrow pits are:

- Steynsrus Borrow Pit: 27°54'3.875" S, 27°05'5.875" E
- Zwartkops Borrow Pit: 27°54'3.875" S, 27°05'5.875" E

PUBLIC INFORMATION:
Interested and Affected Parties are invited to register and submit comments on the proposed development to EnviroMatrix by 15 December 2022. For further information please contact: Tom Hugo, cell: 082 083 0738 or email: tom@enviro.co.za

KENNISGEWINGS

NOTICE OF THE ENVIRONMENTAL ASSESSMENTS
PROPOSED NEW STEYNSRUS 10MW PV SOLAR FACILITY, FREE STATE PROVINCE

Notice is hereby given in terms of the Environmental Impact Assessment (EIA) Regulations (Government Notice R983 of the National Environmental Management Act (NEMA) (Act 107 of 1998), as amended (07 April 2017).

PROJECT NEED AND OVERVIEW:

Due to the exploitation of our natural resources and large-scale reliance on non-renewable resources and the potential subsequent impacts on climate, there is increasing pressure globally to increase the share of renewable energy generation.

Continians Capital Holdings (the Applicant) has proposed the development of a new Steynsrus 10MW Photovoltaic (PV) Solar Facility, within Mogalakwena Local Municipality, in the Free State Province. The proposed PV site is located on farm Arband 2354 and Welfernde 2351. The associated infrastructure will include but not limited to the following: on-site substation and buildings, access roads, overhead power line, and associated structures. The power generated by the proposed Project will feed into the existing Eskom 132 kV distribution system.

This application invites to bid for Renewable Energy Independent Power Producer Procurement Programme (REIPPP) bid windows and any other possible renewable energy opportunities in South Africa.

APPLICATION FOR ENVIRONMENTAL AUTHORISATION

CRRenewables Pty Ltd was appointed by the applicant as an Independent Environmental Practitioner (EIP) to apply for the following Environmental Authorisations:

1. Basic Assessment Reporting (BAR) Process in terms of the EIA Regulations of 2014 (as amended) to seek Environmental Authorisation for the Project in terms of the NEMA, where the mandated authority is Free State Department of Small Business Development, Tourism and Environmental Affairs (DESTE).
2. A Water Use Licence Application (WU/LA)/GA in terms of the NWA for water uses associated with the Project, where the mandated authority is the Department of Water and Sanitation (DWS).

REGISTRATION AS AN INTERESTED AND AFFECTED PARTY

Those who would like to register as interested and affected parties, kindly submit your name, contact information and interest in the matter to the contact person provided below by the 25th January 2023.

KENNISGEWINGS

NOTICE OF THE ENVIRONMENTAL ASSESSMENTS
PROPOSED NEW HEUNINGSPRUIT 50MW PV SOLAR FACILITY, FREE STATE PROVINCE

Notice is hereby given in terms of the Environmental Impact Assessment (EIA) Regulations (Government Notice R983 of the National Environmental Management Act (NEMA) (Act 107 of 1998), as amended (07 April 2017).

PROJECT NEED AND OVERVIEW:

Due to the exploitation of natural resources and large-scale reliance on non-renewable resources and the potential subsequent impacts on climate, there is increasing pressure globally to increase the share of renewable energy generation.

Continians Capital Holdings (the Applicant) has proposed the development of a new Heuningspruit 50MW Photovoltaic (PV) Solar Facility, near Koppies, within Ngwato Local Municipality, in the Free State Province. The proposed PV site is located in farm Moonposod 3508 and Verdon No 1511.

The associated infrastructure will include but not limited to the following: on-site substation and buildings, access roads, overhead power line, and associated structures. The power generated by the proposed Project will feed into the existing Eskom 132 kV distribution system. The applicant anticipates to bid for Renewable Energy Independent Power Producer Procurement Programme (REIPPP) bid windows and any other possible renewable energy opportunities in South Africa.

APPLICATION FOR ENVIRONMENTAL AUTHORISATION

CRRenewables Pty Ltd was appointed by the applicant as an Independent Environmental Practitioner (EIP), to apply for the following Environmental Authorisations:

1. A Scoping and Environmental Impact Reporting (EIR) Process in terms of the EIA Regulations of 2014 (as amended) to seek Environmental Authorisation for the Project in terms of the NEMA, where the mandated authority is Free State Department of Small Business Development, Tourism and Environmental Affairs (DESTE).
2. A Water Use Licence Application (WU/LA)/GA in terms of the NWA for water uses associated with the Project, where the mandated authority is the Department of Water and Sanitation (DWS).

REGISTRATION AS AN INTERESTED AND AFFECTED PARTY

Those who would like to register as interested and affected parties, kindly submit your name, contact information and interest in the matter to the contact person provided below by the 25th January 2023.
