**Attachments:** Hyperama.jpg; Hyperrama.kml

Morning Councillor Crawford

Reference is made to our telephonic conversation yesterday

Just to brief you on the project. We are doing a Basic EIA for Hyperama Pipeline for COE. They are proposing to construct the pipeline to supply water to Reiger Park and remove the existing Asbestos pipeline. Now we would like to you to help us and organise a public meeting with the community nextweek, you will tell us when and where(Venue). This is part of the public Participation which is crucial on EIA.

I have attached a Map and a KML file for you to see where the line will go  
Looking forward to hear from you Sir

Regards  
Scelo Ndima  
Environmental Officer

Received, thank you.

I'm awaiting your reply confirming change of time.

Regards  
Cllr Marius De Vos

Morning Councillor De Vos

My apologies Mr De Vos to notify you now. My name is Scelo Ndim, we were appointed by COE to conduct a Basic EIA for Hyperama Pipeline which is a water pipeline project to supply water to Reiger Park, the line will start in Ward 32 and supply to Ward 34 in Reiger Park. I have been in contact with ward 34 Councillor Mr Crawford and we initially planned to have a public meeting with the community in Reiger Park Civic Centre on Wednesday at 12pm, However Evelyn from COE has notified me that you suggested that the meeting should be at 5:30pm.

I will try to engage with councillor Crawford for a possible change of time. Also please see attached the Background Information Document with a map for the project and a letter.

Regards

Scelo Ndim

Environmental Officer

**Subject:** Re: HYPERAMA PIPELINE: PUBLIC MEETING

Noted.

Did you give public notice of the meeting?

Regards

Good Day

Please note that there is a change in time which was initially placed at **12pm** for a public meeting for Hyperama Water Pipeline to Reiger Park. This is due to accommodate everyone as during the day people are at work

**Date :** 13 February 2019

**Venue:** Reiger Park Civic Centre

**Time:** 17:30pm

Please distribute the changes accordingly

Best Regards

NB: COMMENT: On the conversation undertaken telephonically, ward 34 councilor disagreed with the change of the combined meeting from 12pm to 17:30, hence the meeting for ward 34 was undertaken with the Councilor and ward committee members.

Then the meetings for two wards was set separately.

**Subject:** Ward 32 Public Meeting  
**Importance:** High

Morning Concillor De Vos

It was very disappointing and unfortunate that after we have set the date for the public meeting to take place on the **20<sup>th</sup> of February 2019 at 6pm** in Civic Hall, Boksburg as the other previous date you have said it was short notice. The sad part is that no one came and you were also unavailable to be in the meeting. I ended up leaving the venue around 7pm. I was hoping you will get back to me and advise what to do. This meeting was very important as its part of the Public Participation process that gives the public the opportunity to raise their concerns.

Please advise with the way forward

Regards  
Scelo Ndimas  
Environmental Officer

NB: The meeting for ward 32 was scheduled on the 20<sup>th</sup> of February, however, the community with the councilor were not available.

Since then no response from the ward 32 councilor for the new date.
