CONSTRUCTION & OPERATION OF THE PROPOSED 75 MW BLACKWOOD
SOLAR ENERGY FACILITY NEAR KIMBERLEY, FREE STATE PROVINCE**

We acknowledge the receipt of your letter dated 20 January 2014 regarding the request for confirmation of water supply availability.

We hereby confirm that water will be available during and after construction and we note the quantities entailed in your letter.

We therefore confirm that the Municipality will not have problems supplying the requested quantities: 8,750 m³ for the total 18-month construction phase, and 4,659 m³ per annum for the 20-year operational lifespan of the solar energy facility.

Hope you find the above in order.

Regards,

Mr. M. Motinale
