Description of images is given in terms of the accompanying aerial photograph indicating the vantage point of each of the images:

Image 1: South-west facing view of the 'wagon wheel route' between Domaine Des Anges and the proposed development property.

Image 2: North-west facing view of the current entrance gate to the proposed development property off of Dirkie Uys Street. This will be the access route.

Image 3: North facing view across the younger vines.

Image 4: South facing view with the currently inhabited farmhouse in the background.

Image 5: East facing view across ploughed portion of the land, with the access road in the background.

Image 6: North facing view of the Beefwood Tree windbreak between the proposed development property and the farm to the north.

Image 7: West facing view across the eastern boundary of the development property, with neighbour 'La Petite Provence' in the background.

Image 8: West facing view of the storm water outlet into the 'La Petite Provence' property.

Image 9: West facing view (down-stream) of the un-named stream flowing across the proposed development property.

Image 10: East facing view (up-stream) of the un-named stream flowing across the proposed development property.

Image 11: South facing view of the fence between the proposed development property and 'La Petite Provence'.

Image 12: East facing view from the north-eastern corner of the proposed development property, with the Beefwood windbreak between the proposed development property and the northern neighbouring farm.

Image 13: North-west facing view of the dam on the property.

Image 14: South facing view of the current farmhouse on the proposed development property which will be subdivided from the 'Middelplaas Aftreeoord'.

Image 15: North-east facing view of the historical labourers' cottage. This structure is intended to be retained within the new development.

Image 16: South-west facing view of the historical labourers' cottage as seen from the access road.
