

**Addendum to the Development Layout for the Proposed Luckhoff Solar 2 Photovoltaic Solar Energy Facility near Luckhoff, Free State Province**

Palaeontological Desktop Assessment to assess the Luckhoff Solar 2 Solar Energy Facility (SEF) and associated infrastructure near Luckhoff in the Free State.

Based on the recent avifaunal sensitivity identified on a nearby property, the Luckhoff Solar 2 development layout has undergone further revision. An updated layout was provided on 25 May 2023, indicating the complete avoidance of the applied 1.5 km buffer, as seen below.

Based on the revised development layout (as above), no fatal flaws have been identified. The recommendations and mitigation measures provided in the report dated 16 May 2023 is still valid and must be implemented accordingly. It is the specialist recommendation that the development be allowed to proceed.
