BOIKARABELO POWER STATION DRAFT ENVIRONMENTAL IMPACT ASSESSMENT REPORT AND ENVIRONMENTAL MANAGEMENT PROGRAMME

Thank you for the submission of the Final EIA and EMP report for commenting.

Decision:

SAHRA APM Unit is satisfied with the work that has been done in terms of the National Heritage Resources Act (Act no 25 of 1999) for this project. However, it is noted that the EMP does not make provision for the accidental discovery of heritage resources during the construction/operational phase of the power station. It is requested that the EMP be updated with appropriate recommended actions for the discovery of previously unknown heritage resources.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

Phillip Hine
Heritage Officer

Colette Scheermeyer
