**Attention: Phillip Hine**

Dear Sir

**ENVIRONMENTAL IMPACT ASSESSMENT FOR THE CONSTRUCTION OF A  
600MW INDEPENDENT POWER PLANT AND ASSOCIATED INFRASTRUCTURE  
FOR KIPOWER (PTY) LTD NEAR DELMAS IN MPUMLANGA**

(DEA Ref No.: 12/12/20/2333; NEAS Ref No.: DEA/EIA/0000364/2011)

We hereby acknowledge receipt of your letter dated 11 September 2012 regarding the above project.

Please find attached an updated heritage assessment report conducted by Dr Julius Pistorius for the same project. This new report includes the power plant footprint, ash stack footprint and the area surrounding these two developments, which includes the proposed conveyors.

We have appointed Archætnos to conduct the relocation of the graves that will be affected by the ash stack and the process will be documented and submitted to SAHRA. In addition, we have appointed Mr Sidney Miller to undertake the recording and documenting of the old homestead and their report will be submitted to SAHRA for approval well in advance of construction.

We trust the updated report and the further work to be undertaken meets with your approval. Please contact the undersigned should you have any questions.

Yours faithfully

Marius van Zyl  
for Jones & Wagener
