Dear Sir

The application for the above has reference.

Kindly note that your application in terms of **Section 27** of the National Heritage Resources Act (Act 25 of 1999) for the proposed additions to existing buildings on a Provincial Heritage Site on the above mentioned property was tabled at the meeting of the Built Environment and Landscape Committee (BELCom) of **29 July 2015**.

DECISION

The Committee decided the grading of the building to be grade IIIA.

The Committee expressed concerns regarding the scale of the new extensions to the Long building and Gable Building and requested that alternative proposals be submitted to mitigate the impact of the extensions and to ensure that they remain subsidiary to the historic main structure.

This decision is subject to an appeal period of **14 working days**.

Yours faithfully
