

LABEL	LONGITUDE	LATITUDE	DESCRIPTION	SIGNIFICANCE
CA001	30° 05' 05.6868" E	26° 39' 13.6648" S	Large degraded farmstead containing multiple structures over an area of 150 x 150 m. Some of the structures seem to be historical in age. The site is situated on the north eastern edge of the proposed solar project area. The site includes a large degraded farmhouse with multiple related structures scattered around the immediate area.	Generally Protected B (GP. B) - Medium significance
CA002	30° 04' 17.9363" E	26° 39' 18.3757" S	Remnants of a square packed stone structure or kraal (5 x 3 m). The feature is situated right next to the existing powerline. The low packed stone wall is too degraded to assess the possible use of the structure.	Generally Protected C (GP.C) - Low significance
CA003	30° 04' 29.9592" E	26° 40' 31.2407" S	Small cemetery situated on the southern portion of the proposed solar project area, The cemetery contains mainly packed stone graves that are partially enclosed by a low stone wall. Very few graves at the site contain gravestones with inscriptions. Some graves have been given small metal grave markers. The site is fairly overgrown and might contain graves that are not visible at the surface.	GP A High Social significance
CA004	30° 04' 31.4867" E	26° 40' 24.3699" S	Small degraded square packed stone feature. Possibly the remnants of a small structure or enclosure. The feature is fairly overgrown with the walling built with larger stones on the outside and smaller stones used as a fill. The site is situated fairly close to the small cemetery at CA003.	GP C Low Significance
CA005	30° 04' 19.0009" E	26° 39' 43.4465" S	Remnants of a possible square stone feature. The site is severely degraded.	GP C Low Significance
CA006	30° 02' 35.6439" E	26° 38' 23.7553" S	Large packed stone enclosure situated on the side of a low hill near a rocky dike. The feature seems to have been used to keep livestock. The feature is built in a large square shape with a packed stone wall. The south eastern wall has collapsed/degraded to the point that it is no longer visible.	GP C Low Significance
CA007	30° 02' 27.0670" E	26° 38' 40.3741" S	Remnants of a square packed stone kraal or structure situated on the side of a low hill/slope near a rocky dike. The feature is severely degraded and overgrown. The site may have been part of a larger farmstead.	GP C Low Significance
CA008	30° 01' 43.4631" E	26° 38' 57.7325" S	Two small degraded packed stone features situated on the side of a slope, towards a small valley. One feature is a square shape and the other is semi-circular. The features are fairly overgrown and degraded. Possibly the remnants of two small packed stone structures or enclosures.	GP C Low Significance
CA009	30° 04' 09.3471" E	26° 40' 52.7391" S	Remnants of a possible packed line of stones along an old/disused fence line. The site may also be the remnants of packed stone foundations or terracing on the side of a slope. A small circular packed stone feature is also visible and should be investigated further to determine if it is a grave.	GP A High Social significance
CA010	30° 03' 23.2758" E	26° 40' 53.0306" S	Extensive packed stone wall extending about 1 km around an existing farmstead over a small hill. The stone wall seems to form part of large grazing paddocks that were built around the farmstead. The feature is fairly degraded and overgrown.	GP C Low Significance
CA011	30° 06' 22.9532" E	26° 42' 06.1072" S	Small degraded square packed stone feature. Possibly the remnants of a small packed stone structure.	GP C Low Significance
CA012	30° 03' 19.0655" E	26° 39' 54.9277" S	The site is historical and consists of the remains of three stone structures one is rectangular and is 20mx13m in size while the other is circular 4m x4m in size while the third is 12mx9m in size the site extends over an 80mx50m area and is situated 50m south of a dam.	Generally Protected B (GP. B) - Medium significance
CA013	30° 08' 44.1540" E	26° 42' 56.5906" S	Small partially fenced off cemetery situated near a gravel road and fence line. The cemetery contains multiple packed stone graves as well as graves with granite and cement headstones and covers. The cemetery is partially fenced off by a small wooden barrier. Some of the graves seem to have been cleaned recently. Most of the graves are damaged due to cattle grazing in the area. A small low packed stone wall is also visible around some of the older graves	GP A High Social significance
CA014	30° 07' 03.3153" E	26° 43' 26.3650" S	Small historical cemetery with a packed stone wall around its perimeter. The cemetery contains 10 - 15 packed stone graves with no headstones or inscriptions.	GP A High Social significance

CA015	30° 02' 15.5411" E	26° 39' 34.1493" S	Large historical cemetery consisting of 54 Packed stone graves. The cemetery is situated near site CA017 and is most likely related to the activities at that site. The graves are fairly overgrown and situated on a large open space near an existing agricultural field	GP A High Social significance
CA016	30° 02' 04.6066" E	26° 39' 00.5964" S	Small, enclosed cemetery containing multiple graves. Only 2 graves are clearly visible however the size of the enclosing packed stone wall suggests the possibility of more graves. The small cemetery is fairly degraded and overgrown. Only one grave has a cement headstone and cover with the other grave being a packed stone grave. No inscriptions are visible.	GP A High Social significance
CA017	30° 02' 18.8549" E	26° 39' 31.8953" S	The site is possibly historical and consists of three circular mounds approximately 4mx4m in size with a square stone packed feature of approximately 4mx4m and a packed row of stones approximately 6m long all packed stone features do not exceed 30cm. The site is possibly related to the cemetery located at CA015	Generally Protected C (GP.C) - Low significance
CA018	30° 06' 32.4284" E	26° 42' 31.0907" S	Small fenced off and neatly kept cemetery situated near an existing farmhouse. The cemetery is fenced off with a new wire fence. The various graves are kept clean. The cemetery includes multiple graves with granite headstones and covers.	GP A High Social significance
CA019	30° 05' 31.2126" E	26° 42' 45.7913" S	Remnants of square packed stone feature or foundation. Possibly the remnants of a small square kraal.	GP C Low Significance
CA020	30° 06' 04.3199" E	26° 43' 41.0952" S	Large historical farmstead situated near the main gravel road. The farmstead includes various degraded historical structures scattered across the area. These structures include the main farmhouse, large barn/warehouse, two smaller structures (Garage, outbuilding) and a large kraal. The historical structures are all built from large stone blocks that seem to have been sourced locally. All the structure are still fairly intact but are however degraded due to disuse. The large farmhouse and storeroom are being used to house livestock.	GP B Medium Significance
