Telephone/Fax No.:	011 800 3778
Email:	MogokoA@eskom.co.za

DEVELOPMENT DETAILS

Project Title:	Eskom Northern KwaZulu-Natal Strengthening (Normandie-Iphiva 400 kV Powerline)
----------------	--

Project Description:	The proposed project consists of a new 400 kV powerline from the existing Normandie Substation to the proposed new Iphiva Substation. The new Iphiva 400/132 kV Substation will be located near the town of Mkuze in KwaZulu-Natal. The existing Normandie Substation is 18 km south east of Piet Retief Town in Mpumalanga and can accommodate the proposed new powerlines. This application is for a 2 km wide corridor within which a 55 m servitude can be negotiated within which the powerline can be constructed.
----------------------	--

Extent of Development Footprint (in m ²):	832 000 m ²
---	------------------------

RESPONSE REQUIRED IN TERMS OF

BID	SCOPING (d)	SCOPING (f)	BAR	EMP	ROD
	X				

Nature of Development: (please tick the appropriate box)

1	Construction of a road exceeding 300 m in length	X
2	Construction of a wall exceeding 300 m in length	
3	Construction of a power line exceeding 300 m in length	X
4	Construction of a pipeline or trench exceeding 300 m in length	
5	Construction of a canal exceeding 300 m in length	
6	Other similar form of linear development exceeding 300 m in length	
7	Construction of a bridge or similar structure exceeding 50 m in length	
8	Any development exceeding 5 000 m² in extent any other category of development provided for in regulations	X
9	Other activity which will change the character of an area of land, or water exceeding 10 000 m² in extent	
10	Any development involving three or more existing erven or subdivisions thereof	
11	any development, or other activity involving three or more existing erven or subdivisions	
12	any development, or other activity involving three or more existing erven or subdivisions which have been consolidated within the past five years	
13	any development, or other activity the costs of which will exceed a sum set in terms of regulations	
14	Rezoning of a site exceeding 10 000 m ²	

To your knowledge, will the Development impact on a heritage resource protected in terms of Sections 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43 of the KZN Heritage Act, or is the development located in the vicinity of any of the above. If yes, explain.

A desktop review concerning the applicable study area and immediate surrounds suggests that heritage resources within the region comprise Historical Built Structures, Burial Grounds and Graves and Late Farming Community and palaeontological heritage. Resources attributed to the Middle and Later Stone Age, Battlefields and Monuments and Memorials are rare but have been identified within the general area.

Eskom are currently applying for Environmental Authorisation of a large areal extent, within which they will finalise the placement of infrastructures and routes for the proposed powerlines after authorisation. To this end, a high-level survey was conducted in May of this year to identify potential impacts on heritage resources. As a condition of approval, Eskom will undertake a more detailed, targeted Heritage Assessment for the finalised development footprint.

The large extent of the application area means that the list of relevant 1: 10 000 is fairly excessive and have been excluded in this application for the sake of brevity. They can be made available if necessary, or will be attached to the Heritage Impact Assessment (HIA) of the specific development footprint.

District Municipality / Metro	Zululand, Umkhanyakude and Gert Sibande
