**Letter Of Exemption For Establishment Of A Poultry Abattoir At
Nooitgedaght 479, Vryheid**

I have undertaken a brief desktop study of the proposed Establishment of a poultry abattoir at Nooitgedaght 479, Vryheid. The development does not trigger an HIA as it is only one building that will be affected. The building is post 1970s as seen on the topographical maps and the attached photograph and is thus not protected by any legislation. No known heritage sites exist near the building.

There will be no further development on other parts of the farm and thus the application should be exempt from an HIA, and should not have been requested in the first place.

Yours Sincerely
