Dear Christine

**RE: PANORAMA MALL LYDENBURG**

We as developers of the Panorama mall in Lydenburg are experiencing difficulties with the placement of Rock engraving RDR 8. And therefore would like to put a request forward to the authorities for the Rock RDR 8 to be moved to a more visible Area because of the following reasons:-

1. We attach our Layout plan as you can see that this Rock RDR 8 falls close to the entrance (one) of the Mall.
2. We attach photos of the Rock as it is at the moment. You will see looking at the photos the rock won't be visible as it will be far down. (see levels)
3. This rock will become a dumping site in future.
4. The major problem will be the drainage of water and the cleaning of the area.

We will be willing to co-operate to move the rock at our cost under your supervision to a suitable area for spectators to view.

We will therefore ask the authorities urgently to consider our proposal for the removal of Rock RDR 8

Looking forward to hear from you soon.

Regards

Alf de la Hunt
