Dear Ziyaad

Trust you are well. Reference is made to telephonic discussions held regarding comment for Erf 8019, Sir Lowry Road.

As per telephonic conversation held earlier today, your organisation confirms that contents of our telephonic discussion held 1 September 2020 are to be included within the final heritage impact assessment for submission to Heritage Western Cape.

It is noted that your organisation endorses the findings of the the draft heritage impact assessment. No objection to the proposed development is noted. Any further interaction will be had with the applicant directly by your organisation.

Note again that registration as conservation body forms are to be submitted directly to Heritage Western Cape.

I will send a separate email regarding nomination of heritage sites and your heritage day programme.

Kind regards

Quahnita

Dear Ziyaad

Thank you for your call earlier.

Attached please find heritage impact assessment and associated visual impact assessment. Kindly submit comment prior to the closing date.

Also, should you wish to register as a conservation body with Heritage Western Cape please note relevant forms attached. This will ensure that all applicaiotns within your area of interest will be submitted to your organisation for comment.

Should you have any queries please note we can arrange a virtual meeting or you may contact me at 076 840 9556.

Kind regards

Quahnita
