Motivation for disposal:-

Coach No 28118 is in a very poor condition and the body of the coach has to be rebuilt due to years of exposure to the weather conditions. Over the years the interior has also been vandalised to such an extent that very few of the original fittings can be replaced. To restore this coach to its former glory will cost Transnet an extraordinary amount of money while several other Private Saloons are preserved representing the Private Saloon era. To relocate this coach to a secure site, by road or by rail, will be a safety risk and challenge on its own due to the dilapidated condition of the coach. To source a contractor with the necessary skills and knowledge to rebuild the asset will be a long and lengthy process as Transnet has to adhere to the procurement processes applicable to SOE and SOC's. Several other coaches identical to 28118 are still owned by Transnet.
