Summary

I am currently an Environmental Advisor for Commodity Inspections Group (Pty) Ltd (CIGroup). I have 2 years of experience within the field of integrated environmental management and various integrated environmental authorisation processes, specifically in the mining sector. As an Environmental Advisor I have assisted with integrated environmental authorisations processes and audits for a variety of mining and non-mining related projects, experience in stakeholder engagement processes, and have a comprehensive knowledge of environmental authorisation processes.

I am responsible for assisting with Environmental and Water assessment to the Environmental Compliance and Assessment Manager. Mine closure and rehabilitation, International and Sustainability assistance to the Environmental Operations Manager. I utilise my knowledge acquired during the internship programme by National Research Fund host institution GCS Pty Ltd and some knowledge gained from training and courses obtained to assist in integrated environmental authorisation processes.

Qualifications
