Dear Mr Marais

AMENDMENT OF THE ENVIRONMENTAL AUTHORISATION ISSUED ON 27 JUNE 2018 FOR THE PROPOSED CONSTRUCTION OF THE GRASKOPPIES ONSITE ESKOM SUBSTATION, LINKING SUBSTATION AND ASSOCIATED 132KV POWER LINE NEAR LOERIESFONTEIN WITHIN THE HANTAM AND KHAI-MA LOCAL MUNICIPALITIES, NORTHERN CAPE PROVINCE

The Environmental Authorisation (EA) issued for the abovementioned application by this Department on 27 June 2018, your application for amendment of the EA received by the Department on 03 May 2023 and the acknowledgement letter dated 15 May 2023, refer.

Based on a review of the reason for requesting an amendment to the above EA, this Department, in terms of Chapter 5 of the Environmental Impact Assessment Regulations, 2014 as amended, has decided to amend the EA dated 27 June 2018, as amended, as follows:

Amendment 1: Amendment to extend the validity period of the EA:

This activity must commence within a period of ten (10) years from the date of issue of the environmental authorisation dated 27 June 2018. The EA will lapse on 27 June 2028. If commencement of the activity does not occur within that period, the authorisation lapses and a new application for environmental authorisation must be made in order for the activity to be undertaken.

Reason for above amendment:

The authorised grid alignment projects are intrinsically linked to the Graskoppies WEF and is required to feed electricity generated by the authorised WEF project into the national grid (grid alignment project which will service the authorised Graskoppies WEF). The projects are considered to be strategically important for South Africa (in terms of electricity generation) and will result in positive socio-economic impacts. An extension to the validity period will ensure that the EA remains valid for the undertaking of the authorised activities.

This proposed amendment letter must be read in conjunction with the EA dated 27 June 2018, as amended.
